Name/Nom: Md. Motaher Hossain	Date of application: 01.03.18
Delegation (s) / Délévation (s): Bangladesh	
Telephone, Email/Téléphone, courriel: Phone-008801779212099 email-motaher6679@gmail.com	

Concept

Description of pro-posed side event, including objective, expected results, proposed programme and speakers* /
Description de la réunion parallèle proposée, y compris les objectifs, les résultats attendus, l'ordre du jour et les orateurs* :

1. Background

The UN Declaration on the SDGs emphasizes that to achieve the overall health goal, 'we must achieve universal health coverage (UHC) and access to quality health care. No one must be left behind'. This places UHC as the target that underpins and is key to the achievement of all the other health targets. The use of UHC to frame discussions on SDG3 helps make the health agenda more cohesive.

While UHC is regarded as the key to achievement of SDG3, it is a great challenge for countries to mobilize enough resources to cover the cost of UHC in the respective countries, particularly in the LDCs, LMICs and even in some developed countries.

However, several countries are taking innovative approaches as first steps to achieve universal health coverage. In Bangladesh, nearly establishment of 14 thousand multipurpose primary healthcare centres called community clinics is one of such innovative approaches. Sharing of similar experience from other countries can create a knowledge base that would help Member States and development partners to contribute further to the journey of UHC.

2. Objectives

- To highlight the importance of an integrated approach between Universal Health Coverage and community-based interventions to build resilience and ensure sustainable development;
- To facilitate a dialogue among member states, concerned organizations and development practitioners on their experiences and lessons learned from current and new approaches to achieve UHC; and
- To document the challenges and way forwards to minimize the resource gaps in LDCs and LMICs to attain UHC within 2030.
- To showcase the community health services and its best practices to achieve UHC in a timely manner.

3. Expected Results/outcomes:

- Exploring newer insights to mitigate the challenges towards attainment of UHC;
- Identifying lower cost quick win interventions to the journey of UHC; and
- Getting to know fundamental, new and innovative ways of resource mobilization for UHC.

4. Target audience

The delegates of Member States particularly those from which are in resource constraints for UHC and which provide aid to other Member States, and delegates from health-related DPs and NGOs.

Event details / details de la réunion

Expected number of participants/Nombre de participants attendus : 100-150

Exact title of the meeting/Titre exact de la réunion: **'Invest more millions to cover more billions'**
Invest more to achieve Universal Health Coverage for SDG through community level health and nutritional interventions

Interpretation/Interprétation

Interpretation may be provided in the official languages and the estimated costs are as follows: 2 languages: 2561 CHF; 3 languages: 5123 CHF; 6 languages: 11953 CHF.

L'interprétation peut être assurée dans les langues officielles aux coûts estimés suivants : 2 langues-2561CHF; 3 langues : 5123CHF; 6 langues : 11953 CHF.

Are interpretation services requested? / L'interprétation est-elle requise ? Yes/Oui No/Non

(If yes, which languages)/(Si oui, en quelle langue)

English/Anglais French/Français Russian/Russe Spanish/Espagnol Chinese/Chinois Arabic/Arabe

Other language/autre langue:

Room Layout/Aménagement des salles

Due to type of furniture and technical equipment in the room, the layout of the rooms cannot be changed. For information regarding the location and layout of rooms at the Palais des Nations, please see:
