Concept

Description of proposed side event, including objective, expected results, proposed programme and speakers* / Description de la réunion parallèle proposée, y compris les objectifs, les résultats attendus, l’ordre du jour et les orateurs* :

The High-Level Meeting on the Universal Health Coverage, the International Conference on Population and Development (ICPD +25) and the Summit on 2030 Agenda for Sustainable Development together with the 30th anniversary of the Convention on the Rights of the Child and the 40th anniversary of the Convention on the Elimination of Discrimination against Women present an unique opportunity to assess and identify the current gaps and challenges, but most importantly to renew and strengthen our commitments to human rights, non-discrimination and well-being of all. Of particular importance are the adolescents, one of the neglected groups at the Agenda 2030, whose rights, needs and sexual and reproductive health and rights are quite often not counted or disregarded.

Many global health and development initiatives call for action to improve adolescents’ prospects for a healthy and productive adulthood, and, in particular, to reduce adolescent childbearing. Information on adolescent sexual and reproductive health is vital to support decision-making to advance these initiatives and to develop effective programs addressing adolescents’ needs. Yet, numerous data and research gaps impede these efforts.

In this context it is proposed that a side event during the 72nd WHA is held to:

a) Recognize adolescents has right holders, whose particular needs and wellbeing must be addressed;
b) Enhance understanding of adolescents as a group, which needs specific health services that are rights based and gender responsive;
c) Share best practices in fulfilling and promoting adolescent’s SRHR with the view to steer international momentum throughout the year on this matter;
d) Identify the key stakeholders to improving health services related to SRHR taking into account social norms and barriers in different communities and contexts

Based on these discussions we expect to collect opinions from all six WHO regions about implementation of positive practices and norms to advance SRHR of adolescents.

Agenda for the side event:

- Keynote speech: HCHR Ms. Michele Bachelet (tbd)
- Adolescent Girls – voices via video
- Panel of countries showcasing good practice: Mexico, Uruguay, Mozambique, Kenya, South Africa
- Experience of UN agencies or UN-based processes: member of the CRC Committee (member tbd), WHO (representative tbd) & possibly member of CEDAW, UNICEF, UNAIDS or UNFPA;
- Donors: NORAD
- NGOS: Plan International, IPPF, WV
