Telephone, Email/Téléphone, courriel: cristina.gonzalez@mrree.gub.uy

Date of application/Date de la demande: 29/03/19

Concept

Description of proposed side event, including objective, expected results, proposed programme and speakers*/
Description de la réunion parallèle proposée, y compris les objectifs, les résultats attendus, l’ordre du jour et les orateurs*:

The Political Declaration adopted by the UN General Assembly following the Third high level meeting on Non Communicable Diseases, has renewed Member States commitments for the prevention and control of NCDs and called for strengthened action in order to achieve SDG target 3.4, including on NCDs relation with mental health and air pollution.

Due to its huge human and economic burden, not only in terms of death but also disability, the NCD epidemic poses a great challenge to Universal Health Coverage systems. Therefore integrating NCDs into primary health care interventions and services towards achieving UHC should remain a priority.

Non Communicable diseases risk factors and determinants should be addressed from a multi-sectoral and multi-stakeholder approach. At the side event, experiences will be shared on measures taken by Member States on addressing NCDs risk factors, such as tobacco use, harmful use of alcohol, unhealthy diets and lack of physical exercise, including air pollution, as well as mental health.

Emphasis will be given to successful approaches and lessons learned when implementing WHO best buys and other recommended interventions and engaging with other sectors and stakeholders. Air pollution and mental health relation with NCDs will be also particularly addressed, as well as integration of NCDs to UHC.

Speakers:

- Minister of Health of Sri Lanka
- Minister of Health of Finland
- Minister of Health of Uruguay
- WHO
- NCD Alliance
### Event details / détails de la réunion

<table>
<thead>
<tr>
<th>Date: 21 or 22/05/19</th>
