

WORLD HEALTH ORGANIZATION

EXECUTIVE BOARD
111th Session
Provisional agenda item 6.1

EB111/INF.DOC./6
8 January 2003

Assessments for 2004-2005

1. The purpose of this document is to provide further information to assist the Executive Board in its consideration of the WHO scale of assessments for 2004-2005.
2. Document EB111/15 contains as an annex a table showing scales of assessment for various periods for the United Nations and related scales for WHO, including that for the biennium 2002-2003, which translates into percentages the total of respective contributions and of relief, if any, for each Member and Associate Member.
3. As noted in document EB111/15 Add.1, the United Nations General Assembly has adopted ad hoc adjustments to the scale of assessments for Afghanistan and Argentina for 2003 and a scale of assessment for the Democratic Republic of Timor-Leste for 2002 and 2003.
4. The Annex to the present document provides for each Member and Associate Member data on contributions in United States dollars, related relief, if any, and the total of contributions and relief as a percentage of the regular budget. It also reflects the recent decisions of the United Nations General Assembly referred to above, and the revised assessed figure of the proposed regular budget, amounting to US\$ 867 475 000.¹
5. Columns 2 and 3 of the Annex show the WHO assessments for 2000-2001 expressed in percentages and in United States dollars.
6. Columns 4 to 10 provide the actual dollar contribution and relief amounts for each Member and Associate Member for 2002-2003.
7. Column 11 shows a WHO scale for 2002 expressed in percentages. The percentages are obtained by dividing the total of contributions and relief amounts, if any, contained in Column 10, by the total approved regular budget for 2002-2003 (US\$ 842 654 000).
8. It should be noted that the WHO scale so obtained, which is also shown in the Annex to EB111/15, is comparable to the United Nations scale for 2002 shown in the same document.
9. Columns 12 and 13 set out the proposed assessments for 2004-2005, in both percentages and United States dollars, being the application of the percentage in Column 12 to the amount of the proposed regular budget for 2004-2005 to be financed by assessed contributions (US\$ 867 475 000).

¹ See document EB111/INF.DOC./5.

Notes:

a) The WHO scale of assessment for 2000 and 2001, when adopted, was based on the latest available United Nations scale, i.e. the United Nations scale of assessment for 2000.

b) The percentages are obtained by comparing the total of the contribution amount and of the relief amount paid from miscellaneous income, if any, for each country, to the total approved regular budget for 2002-2003, namely, US\$ 842 654 000.

c) At the time the United Nations scale for 2001-2003 was adopted, Switzerland was not a Member of the United Nations but nevertheless participated in certain of its activities. Consequently, it was called upon to contribute towards the expenses of the United Nations on the basis of the rate shown above.

d) Countries which have agreed to forego relief.

Notes:

a) The WHO scale of assessment for 2000 and 2001, when adopted, was based on the latest available United Nations scale, i.e. the United Nations scale of assessment for 2000.

b) The percentages are obtained by comparing the total of the contribution amount and of the relief amount paid from miscellaneous income, if any, for each country, to the total approved regular budget for 2002-2003, namely, US\$ 842 654 000.

c) At the time the United Nations scale for 2001-2003 was adopted, Switzerland was not a Member of the United Nations but nevertheless participated in certain of its activities. Consequently, it was called upon to contribute towards the expenses of the United Nations on the basis of the rate shown above.

d) Countries which have agreed to forego relief.

Notes:

a) The WHO scale of assessment for 2000 and 2001, when adopted, was based on the latest available United Nations scale, i.e. the United Nations scale of assessment for 2000.

b) The percentages are obtained by comparing the total of the contribution amount and of the relief amount paid from miscellaneous income, if any, for each country, to the total approved regular budget for 2002-2003, namely, US\$ 842 654 000.

c) At the time the United Nations scale for 2001-2003 was adopted, Switzerland was not a Member of the United Nations but nevertheless participated in certain of its activities. Consequently, it was called upon to contribute towards the expenses of the United Nations on the basis of the rate shown above.

d) Countries which have agreed to forego relief.

Notes:

a) The WHO scale of assessment for 2000 and 2001, when adopted, was based on the latest available United Nations scale, i.e. the United Nations scale of assessment for 2000.

b) The percentages are obtained by comparing the total of the contribution amount and of the relief amount paid from miscellaneous income, if any, for each country, to the total approved regular budget for 2002-2003, namely, US\$ 842 654 000.

c) At the time the United Nations scale for 2001-2003 was adopted, Switzerland was not a Member of the United Nations but nevertheless participated in certain of its activities. Consequently, it was called upon to contribute towards the expenses of the United Nations on the basis of the rate shown above.

d) Countries which have agreed to forego relief.
