6. The General Assembly noted the Board’s decision (taken in accordance with Article 11(a) of the Fund’s Regulations), in view of the favourable actuarial valuation, to lower the interest rate used to determine lump-sum commutations, from 6.5% to 6%, with respect to contributory service performed as from 1 January 2001.

The working group will make proposals to the Standing Committee of the Board in 2001 and to the Board in 2002 on the future long-term needs of the Fund and its constituent groups, for eventual submission by the Board to the General Assembly at its fifty-seventh session.

9. The General Assembly concurred with the Transfer Agreement with WTO, approved by the Board, under Article 13 of the Regulations of the Fund, with a view to securing continuity of pension rights between the Fund and WTO.

10. The General Assembly considered the further review undertaken by the Board of issues related to the pension entitlements of spouses and former spouses, and approved amendments to the Fund’s Regulations which would result in an improvement in the benefits payable to such persons.

11. The General Assembly took note of the information provided by the Government of the Russian Federation to the Board on internal solutions being prepared in order to address the concerns of Russian former participants of the Fund.
