FIFTY-SEVENTH WORLD HEALTH ASSEMBLY  
Provisional agenda item 15.2

A57/22  
17 May 2004

---

## **Status of collection of assessed contributions, including Members in arrears in the payment of their contributions to an extent that would justify invoking Article 7 of the Constitution**

### **Second report of the Administration, Budget and Finance Committee of the Executive Board to the Fifty-seventh World Health Assembly**

#### **STATUS OF COLLECTION**

1. The Administration, Budget and Finance Committee met on 14 May 2004 under the chairmanship of Dr A.A. Yoosuf (Maldives) to consider, inter alia, the status of collection of assessed contributions including Members in arrears in the payment of their contributions to an extent that would justify invoking Article 7 of the Constitution, and proposals by Armenia and Ukraine for special arrangements for settlement of arrears (see Annex).
2. The Committee noted that the rate of collection of assessed contributions was 67% at 30 April 2004, compared with 27% at 30 April 2003.
3. The Committee also noted with much appreciation that since preparation of the tables contained in the Annex, some Members had made payment of the amount of contributions due for 2004 in full, and in some cases, partial or full payment for future years. These Members are Andorra, Burundi, Greece, Malawi, Norway, Sao Tome and Principe, Senegal, Timor-Leste, Turkey and United Arab Emirates. A further three Members, Ecuador, Madagascar and Serbia and Montenegro, had partially paid their assessed contributions for 2004. As a result of those payments, the overall collection rate had risen to 68% at the time of the Committee meeting.
4. Following the receipt of a further US\$ 10 million in respect of prior year contributions, the Committee noted that the total due for prior years had been reduced to US\$ 100 million, compared with US\$ 106 million at 30 April 2003.
5. The Committee noted that the voting privileges of 22 Members (Afghanistan, Antigua and Barbuda, Argentina, Armenia, Central African Republic, Chad, Comoros, Dominican Republic, Georgia, Guinea-Bissau, Iraq, Kyrgyzstan, Liberia, Nauru, Niger, Republic of Moldova, Somalia, Suriname, Tajikistan, Togo, Turkmenistan and Ukraine) remained suspended, and that suspension would continue at the Fifty-seventh and subsequent Health Assemblies until the arrears had been reduced to a level below the amount that would justify invoking Article 7 of the Constitution. Since

30 April 2004, Djibouti had paid US\$ 37 753 in respect of both its arrears and a part of its 2004 contribution, and as a result was no longer subject to the provisions of Article 7.

6. The Committee noted that payment had also been received from Saint Lucia, with the result that Health Assembly resolution WHA56.10 would not take effect with respect to that Member, whose voting rights would not be suspended at the opening of the forthcoming Health Assembly.

7. The Committee considered the situation of the four Member States with arrears at 30 April 2004 that would justify adoption of a resolution under which their voting rights would be suspended from the opening of the Fifty-eighth World Health Assembly. Since 30 April payments had been received from Paraguay and Peru that were sufficient for them no longer to be concerned by such a resolution.

8. In respect of the remaining two Members, Solomon Islands and Uruguay, the Committee decided that a resolution should be drafted by which their voting rights would be suspended from the opening of the Fifty-eighth World Health Assembly unless sufficient payment had been received by the aforesaid opening.

## **SPECIAL ARRANGEMENTS FOR SETTLEMENT OF ARREARS**

9. The Committee first examined the request by Armenia for a special arrangement for the settlement of its outstanding contributions which currently amounted to US\$ 2 446 150. The Committee thanked Armenia for submitting its proposal, and expressed some appreciation of the unique circumstances that had led to the high level of arrears compared with its current annual assessment.

10. The Committee expressed support for the good intentions behind the proposal, but also some concern about the commitment to an eventual full payment of outstanding arrears. It did not wish to create a precedent by which Member States would delay full payment of assessments over a very long period, with a consequent adverse effect on the financial stability of the Organization.

11. In response to those concerns, the Permanent Representative explained that Armenia was totally committed to making full payment of its arrears and to making payments on a regular basis. He also confirmed that Armenia's intention was to review the level of payments after three years, and to agree on a payment period for the remaining arrears that would not exceed a total of 10 years.

12. The Committee welcomed those clarifications and concluded that it would recommend the proposal of Armenia to the Health Assembly with the addition of a commitment by Armenia to making full payment of its arrears over a 10-year period; the details of the minimum payment to be made in the last seven years would be approved by the Sixtieth World Health Assembly.

13. The Committee then considered the request by Ukraine for a special arrangement for the settlement of its outstanding assessed contributions which amounted to US\$ 37 415 718 at 30 April 2004. Those arrears were by far the highest long-term arrears of any Member State, and represented over one third of the total arrears owed to the Organization at 30 April 2004.

14. In considering the 15-year period over which Ukraine proposed to pay its arrears, the Committee recalled the concerns expressed at recent Health Assemblies about the acceptability of very long payment periods. Last year, in considering a proposal by Kazakhstan, the Fifty-sixth World Health Assembly had accepted a 10-year payment period, provided that a commitment was made to

repay half the total amount owed over five years, in addition to the full payment of current year contributions. However, the total amount to be repaid by Ukraine was exceptionally high, and Ukraine had already demonstrated its clear commitment to settle its arrears by recently making a payment of US\$ 3.9 million.

15. The Committee considered alternatives regarding an appropriate maximum term over which Ukraine would settle its arrears and the minimum payment to be made each year. The Permanent Representative of Ukraine explained that because of the size of the total amount owed, 15 years was the shortest acceptable period over which payment could be made. He would consult further with his Government in respect of commitments that might be made in respect of a level of total repayment that could be made midway through the full payment period.

16. The Committee concluded that it would support a draft resolution to the Health Assembly in respect of Ukraine's proposal, but stressed that such a resolution would be strengthened if Ukraine were able to reduce the total payment period from 15 years and/or to improve upon the commitments made concerning minimum cumulative payments by a certain future date.

## **RECOMMENDATIONS TO THE WORLD HEALTH ASSEMBLY**

17. The Committee recommended the following resolution for consideration by the Fifty-seventh World Health Assembly:

The Fifty-seventh World Health Assembly,

Having considered the second report of the Administration, Budget and Finance Committee of the Executive Board to the Fifty-seventh World Health Assembly on Members in arrears in the payment of their contributions to an extent that would justify invoking Article 7 of the Constitution;<sup>1</sup>

Noting that, at the time of opening of the Fifty-seventh World Health Assembly, the voting rights of Afghanistan, Antigua and Barbuda, Argentina, Armenia, Central African Republic, Chad, Comoros, Dominican Republic, Georgia, Guinea-Bissau, Iraq, Kyrgyzstan, Liberia, Nauru, Niger, Republic of Moldova, Somalia, Suriname, Tajikistan, Togo, Turkmenistan and Ukraine remained suspended, such suspension to continue until the arrears of the Member State concerned have been reduced, at the present or future Health Assemblies, to a level below the amount that would justify invoking Article 7 of the Constitution;

Noting that Solomon Islands and Uruguay were in arrears at the time of the opening of the Fifty-seventh World Health Assembly to such an extent that it is necessary for the Health Assembly to consider, in accordance with Article 7 of the Constitution, whether or not the voting privileges of these countries should be suspended at the opening of the Fifty-eighth World Health Assembly,

---

<sup>1</sup> Document A57/22.

DECIDES:

(1) that, in accordance with the statement of principles in resolution WHA41.7, if, by the time of the opening of the Fifty-eighth World Health Assembly, Solomon Islands and Uruguay are still in arrears in the payment of their contributions to an extent that would justify invoking Article 7 of the Constitution, their voting privileges shall be suspended as from the said opening;

(2) that any suspension which takes effect as aforesaid shall continue at the Fifty-eighth and subsequent Health Assemblies, until the arrears of Solomon Islands and Uruguay have been reduced to a level below the amount that would justify invoking Article 7 of the Constitution;

(3) that this decision shall be without prejudice to the right of any Member to request restoration of its voting privileges in accordance with Article 7 of the Constitution.

18. The Committee requested the Secretariat to consult with representatives of Armenia and Ukraine with a view to submitting proposed resolutions to the Health Assembly in line with the recommendations of the Committee.

## **Status of collection of assessed contributions, including Members in arrears in the payment of their contributions to an extent which would justify invoking Article 7 of the Constitution**

### **Report by the Secretariat**

1. In order that WHO may deliver the approved programme budget in full, contributions from Member States must be received in full and on time. All Member States are required under Financial Regulation 6.4 to pay their contribution as of 1 January of the year in which they are due. Low annual rates of collection have been of serious concern to successive Executive Boards and Health Assemblies.
2. The rate of collection at end 2003 was 90%, 8% higher than at 31 December 2002. Contributions in full had been received from 78 of the 194 Members and Associate Members. The rate of collection for 2004 was 67% as at 30 April 2004, compared with 27% at 30 April 2003. Annex 1 shows the status of collection as of 30 April 2004 for 194 Members and Associate Members. The excellent improvement in the amount collected for the current year is very welcome. At 30 April 2004, the number of Member States having made part payment is 51, as compared to 57 Member States at 30 April 2003. It should also be noted that at 30 April 2004, 65 Members and Associate Members had not paid any part of their contributions.
3. Unpaid contributions as at 30 April 2004 amounted to US\$ 252 million, with a further US\$ 13.4 million due under special arrangements authorized by the Health Assembly, payable in the future, under instalment schemes (see Annex 1, Sections 2 and 3). The unpaid amount of US\$ 252 million, comprises US\$ 142 million relating to 2004, and US\$ 110 million due for prior years. In comparison, at 30 April 2003 unpaid contributions stood at US\$ 398 million, of which US\$ 108 million was for prior years and a further US\$ 9.8 million was due under special arrangements.
4. Article 7 of the Constitution states that "If a Member fails to meet its financial obligations to the Organization ... the Health Assembly may ... suspend the voting privileges to which a Member is entitled". If at the time of the opening of the Health Assembly, a Member is in arrears in an amount which equals or exceeds the amount of contributions due from it for the preceding two full years, the Health Assembly takes a decision on suspension of the Member's voting privileges in accordance with resolution WHA41.7.

5. In accordance with previous Health Assembly resolutions, the voting privileges of the 23 Member States, as listed in Annex 2, have been suspended (Afghanistan, Antigua and Barbuda, Argentina, Armenia, Central African Republic, Chad, Comoros, Djibouti, Dominican Republic, Georgia, Guinea-Bissau, Iraq, Kyrgyzstan, Liberia, Nauru, Niger, Republic of Moldova, Somalia, Suriname, Tajikistan, Togo, Turkmenistan and Ukraine). The suspension is to continue at the Fifty-seventh and subsequent Health Assemblies until the arrears have been reduced to a level below the amount which would justify invoking Article 7 of the Constitution.

6. Pursuant to the adoption of resolution WHA56.10 by the Fifty-sixth World Health Assembly, the voting privileges of Saint Lucia will be suspended as from the opening of the Fifty-seventh World Health Assembly on 17 May 2004 if at that time this Member is still in arrears in the payment of its contributions to an extent which would justify invoking Article 7 of the Constitution.

7. Four other Members (Paraguay, Peru, Solomon Islands and Uruguay) are in arrears in the payment of their contributions in amounts which equal or exceed the amounts due from them for the preceding two full years, as listed in Annex 2.

8. Pursuant to resolution WHA41.7, unless there are exceptional circumstances justifying a different measure, the Fifty-seventh World Health Assembly may wish to adopt a decision under which the voting privileges of these Members will be suspended as from the opening day of the Fifty-eighth World Health Assembly in May 2005, if at that time the Members concerned are still in arrears to the extent referred to in paragraph 7 above.

9. The Republic of Armenia has written to the Director-General in respect of the arrears owed for assessed contributions, which total US\$ 2 496 150. A copy of the letter dated 27 February 2004 is attached at Annex 3. Armenia has made a commitment to paying US\$ 50 000 for each of the next three years in order to reduce these arrears, and proposes a review after this three-year period to determine further payments. In addition, Armenia is committed to making full payment in respect of its current-year assessed contribution. Armenia has made payment of amounts equivalent to its current-year contributions since 2002. In exchange for these commitments, Armenia requests the Health Assembly to consider restoring its voting privileges, which are currently suspended in accordance with Article 7 of the Constitution.

10. A proposal has also been received from Ukraine in respect of the arrears owed for assessed contributions, which total US\$ 36 163 544. A copy of the letter dated 30 March 2004 is attached at Annex 4. Ukraine proposes to repay this amount over a period of 15 years, and makes a commitment to paying a minimum of US\$ 1 500 000 each year, this amount to include its current-year assessments due. Ukraine paid US\$ 3 900 000 in December 2003. In exchange for this commitment, Ukraine requests the Health Assembly to consider restoring its voting privileges, which are currently suspended in accordance with the provision of Article 7 of the Constitution.

11. In considering these proposals the Administration, Budget and Finance Committee may wish to refer to the provisions of resolution WHA54.6 in respect of requests for special arrangements for the settlement of arrears of assessed contributions, in particular the requirement that these requests should include the total amount due, the period over which payment is proposed, and minimum amount to be paid each year.

12. The Committee may wish to recall the conclusion reached in recent meetings in respect of similar proposals from other Member States, that commitments made by the requesting Members should outline the number of years over which full payment would be made.

**ACTION BY THE ADMINISTRATION, BUDGET AND FINANCE COMMITTEE**

13. No action is required by the Committee in respect of those Members whose voting privileges have already been suspended under previous Health Assembly resolutions, or of the Member which may lose its voting privileges as from 17 May 2004 under resolution WHA56.10 (if by that time the Member is still in arrears in the payment of its contributions to an extent which justifies invoking Article 7 of the Constitution).

14. The Committee may wish to draft a resolution in accordance with the principles stated in resolution WHA41.7, for consideration by the Fifty-seventh World Health Assembly in respect of Paraguay, Peru, Solomon Islands and Uruguay.

15. The Committee may wish to make recommendations to the Health Assembly in respect of the proposals received from Armenia and Ukraine.

HEALTH ORGANIZATION

ORGANISATION  
MONDIALE DE LA SANTE

STATEMENT SHOWING THE STATUS OF COLLECTION OF ANNUAL  
REGULAR BUDGET CONTRIBUTIONS AS AT 30 APRIL 2004

(Expressed in US dollars)

TABLEAUX INDIQUANT L'ETAT DU RECOUVREMENT DES CONTRIBUTIONS  
ANNUELLES AU BUDGET ORDINAIRE A LA DATE DU 30 AVRIL 2004

(En dollars des Etats-Unis)

1. SUMMARY

As of 30 April 2004, the rate of collection of annual contributions in respect of the regular budget is higher than in 2003. Out of a total amount of \$ 431 550 445, \$ 289 465 219 or 67.08% has been collected, as compared to 27.14% in 2003. Whereas 78 Members had paid their contributions in full and 51 Members in part, 65 Members had not yet paid any part of their assessment. Advance payments in respect of the year 2005 contributions are listed on page 8 of this statement.

1. RESUME

Au 30 avril 2004, le taux de recouvrement des contributions annuelles au budget ordinaire est plus élevé qu'en 2003. Pour un total de \$ 431 550 445 mis en recouvrement les encaissements atteignent \$ 289 465 219 soit 67.08% contre 27.14% en 2003. Alors que 78 Membres ont versé leur contribution en totalité et 51 en partie, 65 Membres n'ont encore fait aucun versement. Les paiements en avance des contributions pour l'an 2005 figurent en page 8 de ce rapport.

Payments may be made as follows:

*Les sommes en cause peuvent être payées:*

(1) in US dollars to: or  
*en dollars des Etats-Unis à: ou*

ՀԱՅԱՍՏԱՆԻ ՀԱՆՐԱՊԵՏՈՒԹՅԱՆ ՄՇՏԱԿԱՆ ՆԵՐԿԱՅԱՑՈՒՑԻՉ  
PERMANENT REPRESENTATIVE OF THE REPUBLIC OF ARMENIA

312/169/04

Geneva, 27 February 2004

Mr. Jong Wook LEE  
Director General  
World Health Organisation  
CH-1211, Geneva 27  
Switzerland

Dear Mr. Director General,

I am writing to you with regard to the present situation related to Armenia's contributions to the WHO budget and to the problem of accumulated arrears since 1992.

Armenia is certainly most willing to continue bringing its active participation and contribute effectively to the work of the Organisation, as much as to benefit from the multiple activities and co-operation of the international community in the field of health. However, our engagement presently limits itself to a point where we need to reflect on the question of our voting rights. I therefore wish to bring to your attention our considerations and proposals with regard to addressing the present problem of arrears with the hope that together we can find realistic and rational approaches to its resolution.

As it stands, in accordance with respective regulations of the Organisation, voting rights are suspended in cases when member states accumulate arrears to the WHO budget. At present Armenia's arrears stand at USD 2,496,150.

At the same time, according to the scale of assessments for the years 2004-2005, Armenia's contribution to the budget of the Organisation is assessed at 0.002 % of the total budget, which amounts to USD 8,590 for each year, or USD 17,180 for a biennium contribution. Similar assessments for Armenia's contribution were applicable in 2002 and 2003, as a result of which payments were calculated at USD 8,422 for each year respectively.

This figures represent a realistic calculation of Armenia's capabilities to contribute to the budget of the Organisation, they are carefully synchronised with the UN assessment scales, as much as they mirror Armenia's obligations to other international organisations. They are in line with the actual economic performance of Armenia and the capabilities of its state budget.

However, careful consideration of the history and structure of Armenia's arrears accumulated over the previous years suggests considerable discrepancies between its actual capabilities to meet its obligations and assessments of expected contributions.

In particular, Armenia's contribution for 1992 was assessed at USD 186,440. For the years 1993-1995 Armenia was due to pay USD 1,581,530, or more than USD 500,000 per year, whereas for the years 1996-1998 the amount due stood at USD 642,060, or over USD

200,000 per year. Total amount of accumulated arrears within 1992-1998 amounts to USD 2,223,776.44, or in average for seven years it stands at USD 317,682 p.a. The present amount of contribution at USD 8,590 represents only 2.7% of the expected average per annum contributions for the years 1992-1998.

Of the overall amount of Armenia's unpaid contributions of USD 2,496,150 those 89% of total arrears, which were accumulated in 1992-1998 represent the assessment of contributions far in excess of Armenia's actual capabilities. Review and analyses of Armenia's economic performance in the years 1992-1998 and state budget allocations would illustrate the unrealistic approach to expectations with regard to Armenia's obligations to the WHO. On average, Armenia's state budget in these years amounted to USD 350 mln p.a. In such circumstances it is evident that the Government could not have possibly be in the position to allocate approximately 0.1% of its overall budget expenditures to payments to only one international organisation, whereas its allocations to the healthcare sector in general amounted in average to around 6.0% of its total budget expenditures.

Mr. Director General,

Armenia has demonstrated seriousness of purpose and willingness to meet its financial obligations to the WHO by having duly carried out payments of USD 8,422 in 2002 and 2003 respectively. Both payments have been applied towards the overall contributions from Armenia due to the Organisation.

While Armenia will remain committed to duly contributing to the budget of the Organisation within the presently applied scale of assessments, it is also willing to invite the Organisation to carefully review the problem related to the accumulated arrears over the past years and to restore Armenia's scope of participation in the work of the Organisation, including its voting rights. With this in mind, and also recognising the various aspects of constraints related to the problem of unpaid contributions within the Organisation, the Government of Armenia, having carefully assessed its realistic capabilities, has decided to contribute regularly over the next three years USD 50,000 in addition to its assessed contributions to the budget of the Organisation, beginning from the current year. Such arrangement may be subject to review at the end of the third year, at which point Armenia's realistic budgetary capabilities, as well as further examination of the unpaid contributions will be reviewed in order to consider further revised contributions from Armenia in addition to those determined by the scale of assessments. I would be most happy to discuss further details of such possible arrangement with you. Given the complexity of the situation, I would also look forward to discussing this matter with members of the Budget and Finance Committee at their nearest meeting, should such arrangement be appropriate.

I thank you for your interest in this matter and look forward to your co-operation and assistance.

Yours sincerely,

Zohrab MNATSAKIAN

" 30 " March, 2004

**Dear Director-General,**

On behalf of the Government of Ukraine, I would like to refer to the issue of financial obligations of Ukraine before the budget of the World Health Organization (WHO), undertaken in accordance with the Constitution of WHO.

Due to the limited budgetary constraints, the capacity of Ukraine to make payments of its annual contributions to the budget of WHO in recent years was not sufficient, which resulted in significant arrears, invoking article 7 of the WHO Constitution. The Government of Ukraine puts every effort to settle amounted arrears of Ukraine in a view of great importance it attaches to the cooperation between my country and WHO.

In this connection, may I inform You that having paid 3 900 000 US dollars in December 2003, the Government of Ukraine has decreased its debt to WHO to 36 163 544 US dollars. This step hopefully will be taken into due account by the Administrative, Budget and Finance Committee of the Executive Board of WHO.

Referring to the provisions of the resolution WHA54.6 of the Assembly, the Government of Ukraine has the honor to kindly request the Director-General of WHO to consider the following proposed terms of arrears settlement for Ukraine:

1. Total debt of Ukraine to the WHO budget as of January 2004 amounts to 36 163 544 US dollars;
2. Ukraine will make payments to settle its arrears during the period of 15 years;
3. The minimum annual payment carried out by Ukraine to settle its arrears can be allocated in 1 500 000 US dollars (this amount includes unsettled arrears under the resolution WHA 45.23 – 342 848 US dollars, annual contribution of Ukraine – 218 954 US dollars, proposed amount for the settlement of the main part of arrears – 1 000 000 US dollars).

In this regard, if the proposed terms will appear suitable, I would kindly ask You to bring this issue before the Assembly in order to restore the voting privileges of Ukraine in WHO with immediate entering into force on the coming Assembly of WHO.

Taking this opportunity, let me express sincere appreciation of the Ukrainian Party for the attention of the WHO to the above issue.

Sincerely,

Dr. LEE Jong-Wook  
Director-General  
World Health  
Organization, Geneva

**Dmytro Tabachnyk**  
Vice Prime Minister of Ukraine
