II. Technical briefings

The following technical briefings will take place during the Sixty-fifth World Health Assembly.

Monday, 21 May 2012

12:45–14:15

Room VII

Sustaining the drive to overcome the global impact of Neglected Tropical Diseases (NTDs)

There will be interpretation in Arabic, Chinese, English, French, Russian and Spanish

This technical briefing will provide Member States with an overview of progress being made in the fight against Neglected Tropical Diseases worldwide. The event will also provide an opportunity for participants to be fully briefed on the proposed plans for the implementation of the WHO NTD Roadmap *Accelerating Work to Overcome the Global Impact of Neglected Tropical Diseases – A Roadmap for Implementation*, launched by the Director-General in January 2012.

Tuesday, 22 May 2012

12:30–14:15

Room XII

**Report of the Consultative Expert Working Group on Research and Development (R&D):
Financing and Coordination (CEWG)**

There will be interpretation in Arabic, Chinese, English, French, Russian and Spanish

The CEWG was established under resolution WHA63.28 to deepen the analysis and take forward the work of its predecessor expert working group (EWG) and examine current financing and coordination of research and development as well as proposals for financing to stimulate R&D related to diseases that principally affect developing countries. This technical briefing will provide Member States with an overview of the main findings and recommendations of the CEWG report which is on the agenda of the Sixty-fifth World Health Assembly (provisional agenda item: 13.14). The report will be presented by the Chair and the Vice-Chair of the CEWG followed by discussion.

Wednesday, 23 May 2012

12:30–14:15

Room XII

Ageing and health

There will be interpretation in Arabic, Chinese, English, French, Russian and Spanish

Populations around the world are ageing rapidly, particularly in low- and middle-income countries. This technical briefing will explore the implications of an ageing population for individuals, health systems and society as a whole. Topics will include the patterns of demographic change in Member States; changing attitudes to ageing; ageing issues in Africa; new evidence on the health needs of older people in low-, middle- and high-income countries; and how health systems might be developed to meet these needs. This will be followed by a broader discussion on priorities for future action.
