

Implementation of the International Health Regulations (2005)

Report by the Director-General

1. Further to the submission of the report on Implementation of the International Health Regulations (2005),¹ a new table is proposed (see Annex) to replace the table in document A66/16.
2. The table presented in this report contains information received from States Parties after 5 April 2013, updated data from a number of States Parties and corrections to capacity scores under the column headings “Chemical” and “Radiological”.

ACTION BY THE HEALTH ASSEMBLY

3. The Health Assembly is invited to note the following table.

¹ Document A66/16.

ANNEX

Table. International Health Regulations (2005): national capacity monitoring. Capacity scores for all reporting States Parties for 2012

African Region

| State Party | Legislation | Coordination | Surveillance | Response | Preparedness | Risk communications | Human resources | Laboratory | Points of entry | Zoonotic | Food safety | Chemical | Radiological |
|----------------------------------|---------------------------------|--------------|--------------|----------|--------------|---------------------|-----------------|------------|-----------------|----------|-------------|----------|--------------|

^aArgentina had submitted the report using the MERCOSUR tool, subsequently migrating data from the relevant sections to the format proposed by WHO as per the agreement with the UNASUR Technical Working Group for Surveillance and Response.

^bInformation related to points of entry from Argentina was submitted in a format not allowing its conversion into the WHO format.
