 PERMANENT MISSION OF THE REPUBLIC OF ARMENIA

Geneva, 22 March 2006

Ref. No. 312/ 076 / 06

Dear Director **General**,

Armenia has been continuously committed to bringing its active participation and contribution to the effective functioning of the World Health Organisation. We have also been benefiting greatly from the multiple activities and co-operation within the organisation. However, our full engagement in the WHO has been constrained by the suspension of Armenia's voting rights as a result of arrears accumulated to the WHO budget in the past. I have addressed this issue in my previous communications, in which I specifically drew attention to the history and structure of Armenia's arrears and considerable discrepancies between its actual capabilities to meet its obligations and assessments of expected contributions in the 1990s.

Over the past three years Armenia has been engaged in continued consultations with the members of the Organisation and the Secretariat about the possible, mutually acceptable and realistic solutions to address the problem. Indeed, I am most grateful to all those engaged in such consultations for their commitment to resolve this issue in a satisfactory manner.

Mr. Director **General**,

As in previous years, I wish to reiterate Armenia's full commitment to duly contributing to the budget of the Organisation within the presently applied scale of assessments. It is noteworthy that Armenia has demonstrated seriousness of purpose and willingness to meet its financial obligations to the WHO by having duly carried out payments of USD8,422 in 2002 and 2003, and USD8,590 in 2004 and 2005 respectively. These payments have been applied towards the overall contributions from Armenia due to the Organisation.

Armenia is once again willing to invite the Organisation to carefully review the problem related to the accumulated arrears over the past years and to restore Armenia's scope of participation in the work of the Organisation, including its voting rights at the 59th World Health Assembly.

H.E. Mr. LEE JONG-WOOK
 DIRECTOR GENERAL
 WORLD HEALTH ORGANISATION
 Geneva

In this respect, having carefully reassessed our previous proposals, the Government of Armenia undertakes to pay the total outstanding assessed contributions, which at present amount to USD 2,446.150, in instalments over a period of eighteen years in accordance with a progressive payment plan enclosed to this letter. Such payments will be carried out in addition to its assessed contributions to the budget of the Organisation at respective scales for the present and future years. The Government of Armenia also commits itself to review by 2011 the present payment plan towards its shortening, subject to Armenia's economic performance and budgetary capacities.

Mr. Director General,

I would be most grateful for your assistance in bringing this matter to the attention of the members of the WHO and facilitating a positive solution for this matter. While extending to you renewed assurances of my highest consideration, I remain,

Yours sincerely,

Objet : Arriérés de contribution.

Réf. V/L du 28 février 2006.

Monsieur le Directeur Général,

Par la présente, le Gouvernement de la République Centrafricaine accuse réception de votre lettre citée en référence par laquelle l'Organisation Mondiale de la Santé informe de l'état des arriérés dus par notre pays au titre de sa contribution au budget ordinaire de l'Organisation.

Mon pays est conscient de l'urgence qui s'impose à lui de s'acquitter de cette contribution spécifiée par l'article 7 de la Constitution de l'Organisation Mondiale de la Santé afin que les privilèges attachés à son droit de vote soient rétablis au plus tôt.

Je voudrais cependant, porter à votre connaissance que pendant les deux dernières décennies, la République Centrafricaine a connu de nombreuses crises socio-politiques qui ont eu des répercussions désastreuses sur son économie. Depuis 2003, le pays fait des efforts pour restaurer la sécurité publique, la paix sociale et faire repartir l'ensemble des secteurs de production. Mais même si les indicateurs actuels sont en amélioration et nous permettent d'espérer une reprise à terme, l'économie du pays reste encore fragile, ce qui réduit la capacité de financement de l'Etat.

C'est pourquoi, au nom du Gouvernement, je demande à la Direction Générale de l'Organisation Mondiale de la Santé de traiter le dossier des arriérés de contribution de la République Centrafricaine comme un cas d'espèce en lui accordant la possibilité de se libérer de ces arriérés, par traites annuelles étalées sur 5 ans.

Au cas où cette faveur serait accordée à notre pays, les paiements s'effectueraient selon le schéma suivant :

Années	Montant des paiements
2006	32,9682 \$ au titre des arriérés 1995-2005 + contribution de l'année en cours
2007	32,9682 \$ au titre des arriérés 1995-2005 + contribution de l'année en cours
2008	32,9682 \$ au titre des arriérés 1995-2005 + contribution de l'année en cours
2009	32,9682 \$ au titre des arriérés 1995-2005 + contribution de l'année en cours
2010	32,9682 \$ au titre des arriérés 1995-2005 + contribution de l'année en cours

D'ores et déjà, la République Centrafricaine est disposée à effectuer le premier versement qui s'élève à 37,4382 \$ [32,9682 \$ (arriérés) + 4,470 \$ (contribution de l'année 2006)].

Comptant sur votre compréhension, je vous prie d'agréer Monsieur le Directeur Général, les assurances de ma considération distinguée.

Re: regularization of Turkmenistan's arrears in payment of its assessed contributions as a member State of WHO and restoration of its voting rights.

Dear Dr LEE,

I should like to take this opportunity to express, on behalf of the Ministry of Health and Medical Industry of Turkmenistan, our deep gratitude to the World Health Organization for the comprehensive assistance with which it has provided our country.

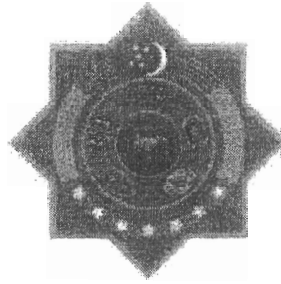

As you are aware, Turkmenistan has been a member of the World Health organization since 1992. During this period, we have engaged in close and fruitful cooperation, which is still successfully under way at present. WHO is involved in all spheres of Turkmenistan's health system. The Organization is active in areas such as health-system reform, information systems, reproductive health, communicable and noncommunicable diseases and a healthy lifestyle and environment. Thanks to your support, our specialists have been able to participate in international meetings and conferences, to improve their skills and exchange experience with colleagues from other countries. Turkmenistan highly values its cooperation with WHO and looks forward to continuing fruitful cooperation. However, on account of its arrears, Turkmenistan has lost its voting rights in the World Health Assembly, a situation which deprives it of the possibility actively to take part in the adoption of important decisions.

Dear Dr LEE,

In the hope of your understanding, we request your good offices in considering the arrears that have accumulated over payment of contributions for the period 1993-1998. In this connection, I have the honour to submit for consideration a payment plan for Turkmenistan's arrears in contributions. The plan provides for the payment of unpaid contributions for the period 1992-2005, amounting to a total of US\$ 1 259 014, over a ten-year period, i.e. in equal annual amounts, in addition to Turkmenistan's annual contribution of US\$ 22 300.

голоса**

Уважаемый г-н Ли,

Я хотел бы воспользоваться настоящей возможностью, чтобы выразить от имени Министерства Здравоохранения и Медицинской Промышленности Туркменистана глубокую благодарность Всемирной Организации Здравоохранения за всестороннюю поддержку, которую она оказывает нашей стране.

Как Вам известно, Туркменистан является членом Всемирной Организации Здравоохранения с 1992 года. В течение этого времени мы тесно и плодотворно сотрудничали, успешно развивается это сотрудничество и сегодня. ВОЗ вовлечена во все сферы системы здравоохранения Туркменистана, деятельность организации охватывает такие области деятельности, как реформирование системы здравоохранения, информационные системы, репродуктивное здоровье, инфекционные и неинфекционные заболевания, здоровый образ жизни и окружающая среда. Благодаря Вашей поддержке наши специалисты имели возможность участвовать в международных встречах и конференциях, повышать квалификацию и обмениваться опытом с коллегами из других стран. Туркменистан высоко ценит сотрудничество с ВОЗ и возлагает надежды на дальнейшее плодотворное сотрудничество. Однако, в связи с имеющейся задолженностью, Туркменистан потерял право голоса на Всемирной ассамблее здравоохранения, что лишает нас возможности принимать активное участие в принятии важных решений.

Уважаемый г-н Ли,

Мы с надеждой на понимание, просим Вашего содействия в рассмотрении задолженности, сложившийся по уплате взносов за период 1993 -1998 года. При этом я имею честь представить на рассмотрение план погашения задолженности Туркменистана по взносам. В плане предусматривается погашение неуплаченных взносов за период 1992-2005 г.г. составляющих в общей сложности 1,259,014 долларов США, в течение периода 10 лет, то есть ежегодными равными частями, помимо ежегодного взноса Туркменистана в размере 22,300 долларов США.

Выражаем надежду, что данное предложение будет приемлемо. Мы были бы весьма признательны Вам за содействие в рассмотрении возможности восстановления права голоса Туркменистана, начиная с 59-ой Всемирной Ассамблеи Здравоохранения.

Искренне рассчитываю на дальнейшее сотрудничество между нашим Министерством и Всемирной Организации Здравоохранения во всех гуманитарных и медицинских вопросах.

Примите уверения в моём искреннем уважении к Вам.

С уважением,

Г.Бердымухаммедов,

Министр Здравоохранения

и Медицинской Промышленности
