

Scale of assessments for 2016–2017

Report by the Director-General

1. This report outlines the proposed scale of assessments for the financial period 2016–2017.
2. The latest available United Nations scale is the scale of assessments adopted in December 2012 for the period 2013–2015,¹ which was used by WHO for its scale of assessments for 2014–2015.² It is therefore proposed that this United Nations scale should be used by WHO for the financial period 2016–2017, adjusted for differences in membership between WHO and the United Nations, in accordance with the usual practice. This is unchanged from the scale currently in use by WHO.
3. An updated United Nations scale is expected to become available in December 2015, and, in accordance with previous practice, the Sixty-ninth World Health Assembly in 2016 may wish to propose the application of this updated scale for 2017, the second year of the biennium 2016–2017.

ACTION BY THE EXECUTIVE BOARD

4. The Executive Board is invited to consider the following draft resolution:

The Executive Board,

Having considered the report on the scale of assessments for 2016–2017,³

RECOMMENDS to the Sixty-eighth World Health Assembly the adoption of the following resolution:

The Sixty-eighth World Health Assembly,

Having considered the report of the Director-General,

ADOPTS the scale of assessments of Members and Associate Members for the biennium 2016–2017 as set out below.

¹ United Nations General Assembly resolution 67/238.

² Resolution WHA66.15.

³ Document EB136/37.
