## RELATIONSHIP WITH NON-GOVERNMENTAL ORGANIZATIONS

In accordance with resolution EB9.R42 of the Executive Board, the study requested of the Director-General on the usefulness of non-governmental organizations in official relationship with the World Health Organization is in active preparation and will be completed for consideration by the Executive Board at its eleventh session.

All non-governmental organizations have been asked for their views on the subject of official relations and information is also being collected from the United Nations and other specialized agencies concerning similar relationships within their organizations.

The data which has been collected is now being studied by the Director-General and at the same time consideration is being given to the possible implications of official relations with non-governmental organizations within the structure of the United Nations.
