

The Regional Committee,

Having considered the report submitted by the Regional Director on the health aspects of population dynamics,<sup>2</sup>

1. NOTES with satisfaction the increasing number of requests now being received for WHO assistance in this field and that additional resources are being provided to WHO by the United Nations Fund for Population Activities;

<sup>2</sup> Document WPR/RC21/7.

2. DRAWS to the attention of Member governments the importance of integrating the health aspects of such activities into the maternal and child health and general health services, and of providing the additional staff required for this purpose;

3. REQUESTS the Regional Director to report to the twenty-second session of the Regional Committee on the progress made in this field.

Fifth meeting, 7 September 1970
