1. ALLOCATION OF AGENDA ITEMS TO THE MAIN COMMITTEES: TRANSFER OF ITEMS

In view of the progress of work of each of the main committees, which were reported to it by Dr MARTINS (Mozambique), Chairman of Committee A, and Professor SENAULT (France), Chairman of Committee B, the General Committee decided under Rule 33(d) of the Rules of Procedure of the Health Assembly to transfer from the agenda of Committee A to that of Committee B items 2.7.1 (Maternal and child health (in relation to the International Year of the Child)) and 2.7.2 (Action programme on essential drugs).

2. PROGRAMME OF WORK OF THE HEALTH ASSEMBLY

After deciding that Committee A should continue sitting that day until 19h30 (or a little later if necessary) instead of holding an evening meeting as had been envisaged, the General Committee drew up the programme of meetings for the following day, Wednesday, 23 May. Should it prove necessary the two main committees would also continue their afternoon meetings that day until 19h30 (or a little later). The General Committee proposed to fix the programme of work for Thursday, 24 May, at its next meeting.

The meeting rose at 13h05.
