Les chiffres en italique se réfèrent aux maxima, médians et minima enregistrés pendant les périodes indiquées; ceux en caractères gras égalent ou dépassent le quartile supérieur des mêmes séries.  
Lorsque la colonne VII est laissée en blanc, il s'agit de taux mensuels; dans le cas contraire, les taux se réfèrent à des périodes de quatre semaines.

R La lettre « R » signifie que les taux se réfèrent à la population résidente (de droit); dans tous les autres cas, les taux se réfèrent à la population présente (de fait).

§ Nouvelles séries.

\* Chiffres révisés.

a) Non compris les décès dus à des actes de guerre.

b) Y compris les décès de civils dus à des actes de guerre.

e) Chiffre approximatif ou partiellement estimé.

f) Population civile.

g) Le chiffre de population indiqué est celui au 1<sup>er</sup> mars 1943. Les fluctuations de la population qui ont pu se produire ultérieurement en raison des événements de guerre et des évacuations ne sont donc pas prises en considération; de ce fait, les taux publiés sont probablement, dans certains cas notablement inférieurs à la réalité.

h) Population sur la base de la délivrance des titres de rationnement.

i) Chiffre réduit pour tenir compte des déportations de travailleurs civils.

j) En excluant les décès dus à des opérations de guerre, le taux est de 15,5.

k) Y compris les décès survenus dans les hôpitaux situés hors de Lyon.

l) A partir du 15 octobre 1938, territoire agrandi: 2.091.541 habitants au lieu de 1.874.130, selon le recensement du 22 mars 1934.

m) Mois.

n) Périodes de quatre semaines.

p) Chiffres provisoires.

r) 3 semaines seulement.

s) 51 semaines seulement.

t) 50 semaines seulement.

u) 48 semaines seulement.

v) 45 semaines seulement.

w) Le taux pour 1938 se rapporte à 11 mois seulement.

The figures in italics refer to the maxima, medians and minima recorded during the periods shown; those in thick type equal or exceed the upper quartile of the same series.

Rates apply to months when the column VII is left blank; otherwise, they refer to four-week periods.

R Where a capital "R" is given, the rates refer to the resident (legal) population; otherwise, they refer to the present population.

§ New series.

\* Revised figures.

a) Excluding deaths due to acts of war.

b) Including civilian deaths due to acts of war.

e) Approximate or partly estimated figure.

f) Civilian population.

g) The population figure shown is that of March 1st, 1943. Thus subsequent fluctuations of population that may have occurred owing to war events and evacuations are not taken into account; in certain cases, published rates may, therefore, be notably lower than reality.

h) Population figures based on the delivery of ration cards.

i) Figure reduced to allow for the deportation of civilian workers.

j) Excluding deaths due to operations of war, the rate is 15.5.

k) Including deaths occurring in hospitals outside Lyons.

l) As from October 15th, 1938, enlarged territory: 2,091,541 inhabitants instead of 1,874,130, according to the census taken on March 22nd, 1934.

m) Months.

n) Four-week periods.

p) Provisional figures.

r) 3 weeks only.

s) 51 weeks only.

t) 50 weeks only.

u) 48 weeks only.

v) 45 weeks only.

w) The rate for 1938 refers to 11 months only.

- x) Jusqu'en 1930, « Dublin Registration Area »; ensuite, « City of Dublin ».
- y) 98 villes.
- z) 36 villes: non compris Caen.
- aa) 34 villes: non compris Caen, La Rochelle et Le Havre.
- bb) « County Boroughs » et autres villes de plus de 50.000 habitants; leur nombre a varié de 107 en 1928-1931 à 126 depuis avril 1938.
- cc) Villes de plus de 30.000 habitants.
- dd) Villes de plus de 50.000 habitants: 12 villes de 1928 à 1930, 18 de 1931 à 1940, 21 depuis 1941.
- ee) 12 villes dans l'ouest du pays.
- ff) Villes de plus de 100.000 habitants du territoire de 1937; leur nombre a varié de 49 en 1928-1930 à 60 depuis 1941.

- hh) Taux mensuels relatifs à 1932-1938.

- mm) Population polonaise et allemande, Juifs exclus (depuis le 1<sup>er</sup> novembre 1942 déjà).
- nn) Non compris les étrangers et les Juifs (ces derniers sont exclus depuis le 1<sup>er</sup> novembre 1942 déjà).
- pp) Depuis 1943, les statistiques officielles tiennent compte des évacuations de la population civile urbaine, consécutives aux bombardements aériens, mais insuffisamment, semble-t-il, et avec un retard de plusieurs mois. De ce fait, les chiffres de population donnés devraient être réduits d'au moins 10% et les taux de mortalité augmentés d'autant. En outre, depuis 1943 également, les chiffres donnés concernent seulement la population résidante allemande, à l'exclusion des étrangers et des Juifs (ces derniers sont exclus depuis le 1<sup>er</sup> novembre 1942 déjà); le nombre des habitants non-domiciliés (comprenant notamment les ouvriers étrangers) équivaut à environ 10-15% du chiffre de la population résidante allemande.
- qq) A partir du 3 septembre 1939, les décès sont attribués à la localité dans laquelle ils sont survenus (et non plus au lieu de résidence) et ceux de non-civils sont exclus. « La continuité des données peut être altérée par des mouvements de population dans le cas des zones d'évacuation et de réception. »
- rr) Jusqu'au 31 août 1944, « Grand-Bruxelles »: territoire légèrement différent de celui de l'agglomération comme constituée après cette période.
- ss) « Grand-Anvers ».
- tt) Du 1<sup>er</sup> janvier 1943 au 30 septembre 1944, « Grand-Liège ».
- uu) Territoire défini par le Traité de Neuilly (territoire de 1939), c'est-à-dire sans la Dobroudja méridionale et les territoires annexés à partir d'avril 1941.
- vv) Y compris la Dobroudja méridionale: 104 villes en 1944-1945, 105 en 1946.

- x) Up to 1930, "Dublin Registration Area"; thereafter, "City of Dublin".
- y) 98 towns.
- z) 36 towns: excluding Caen.
- aa) 34 towns: excluding Caen, Havre and La Rochelle.
- bb) "County Boroughs" and other towns with more than 50,000 inhabitants; their number ranges from 107 in 1928-1931 to 126 from April 1938.
- cc) Towns with more than 30,000 inhabitants.
- dd) Towns with more than 50,000 inhabitants: 12 towns from 1928 to 1930, 18 from 1931 to 1940, 21 from 1941.
- ee) 12 towns in the western part of the country.
- ff) Towns with more than 100,000 inhabitants in the 1937 territory; their number ranges from 49 in 1928-1930, to 60 as from 1941.
- gg) Monthly rates referring to 1929-1937.
- hh) Monthly rates referring to 1932-1938.
- ii) Monthly rates referring to 1933-1937.
- jj) Present population.
- ll) Excluding the German population.
- mm) Polish and German population, excluding Jews (from November 1st, 1942, already).
- nn) Excluding foreigners and Jews (the latter have already been excluded since November 1st, 1942).
- pp) As from 1943, the evacuation of civilian urban population, as a result of air raids, is taken into account in the official statistics, but to a seemingly too small extent and with a delay of several months. The population figures should therefore be reduced by at least 10% and the death rates increased accordingly. Moreover, as from 1943 also, the figures given apply to the German resident population only, excluding foreigners and Jews (the latter have already been excluded since November 1st, 1942); the proportion of non-residents (comprising among others the foreign workers) amounts to about 10-15% of the German resident population.
- qq) As from September 3rd, 1939, deaths are assigned to place of occurrence (and not to residence) and those of non-civilians are excluded. "The continuity of the data is liable to be disturbed by movements of population in the case of evacuation and reception areas."
- rr) Until August 31st, 1944, "Greater-Brussels": its territory is slightly different from that of the agglomeration as constituted after this period.
- ss) "Greater-Antwerp".
- tt) From January 1st, 1943, to September 30th, 1944, "Greater-Liège".
- uu) Territory as defined by the Treaty of Neuilly (1939 territory), i. e., without Southern Dobrudja and the territories annexed since April 1941.
- vv) Including Southern Dobrudja: 104 towns in 1944-1945, 105 in 1946.
