

**EB51.R54 Study of optimum future headquarters staff level in relation to the level of programme activity:
Possible further regionalization of staff and programme activity**

The Executive Board,

Having noted the report of the Director-General on the study in regard to the optimum future headquarters staff level in relation to the level of programme activity and the possible further regionalization of staff and programme activity, as requested in resolution WHA25.37; and

Having recommended to the Twenty-sixth World Health Assembly that the subject for the future organizational study to be undertaken by the Executive Board be “ Interrelationships between the central technical services of WHO and programmes of direct assistance to Member States ”,

RECOMMENDS to the Twenty-sixth World Health Assembly that the study requested be part of the future organizational study of the Executive Board ¹ and be reported to the Twenty-seventh World Health Assembly.
