Regional representation

If any region is not represented among the MS who present themselves as champions, the regional coordinator (or other MS chosen by the region) is by default invited to attend meetings of the group

Actions per decision [EB158\(22\)](#)

- **Update rolling informal work plan for Member States**
- **Update analysis of progress in implementing the AMSTG recommendations**
- **Convene and coordinate discussions on ongoing MS-led governance reform**
- **Report to EB160 on progress in tracking achievement of / implementing remaining AMSTG recommendations**

▶▶ Note: **Bureau-led reforms** are elevated efforts toward achieving a subset of the AMSTG recommendations. In February 2026, the EB decided to continue a bureau-led process, at the end of which the current bureau members would report to EB159 (May 2026) (see decision [EB158\(21\)](#)).
