

Side event application / Formulaire de demande de réunion parallèle

Contact

Name/Nom: Dr Catherine B.Sanga	Date of application: 6 April 2018
Delegation(s)/Délégation(s): Tanzania	
Telephone, Email/Téléphone, courriel: 41 791061622, cathy.sanga8@gmail.com	
Member States confirmed as co-organizers of the event/Etats Membres confirmés comme co-organisateurs de la reunion Zambia, Sudan,	

Concept

Description of proposed side event, including objective, expected results, proposed programme and speakers* / Description de la réunion parallèle proposée, y compris les objectifs, les résultats attendus, l'ordre du jour et les orateurs* :

Description: In September 2015, world leaders adopted the 2030 Agenda for Sustainable Development, outlining a 15-year road map towards global development and eradicating extreme poverty. SDG 3 targets good health and well-being for all as a prerequisite and integral component of sustainable development. Achieving this goal requires addressing the increasingly prevalent noncommunicable diseases and injuries (NCDs). The Lancet Commission on Reframing NCDs for the Poorest Billion – to be released ahead of the Third UN High-Level Meeting on NCDs – has found that NCDs account for more than a third of the burden of disease and hundreds of thousands of preventable deaths each year among the world's poorest and most vulnerable populations. However, 5 billion people worldwide do not have access to safe, timely, and affordable surgical, obstetric, and anaesthesia care – essential for comprehensive management of NCDs and Injuries. To meet this urgent need, Member States will need to strengthen health systems at district and referral hospitals in the context Primary Health Care and Health Emergencies.

Non-communicable diseases and injuries have become global priorities given the sheer volume and the health, social, and economic impact that these previously neglected diseases have. Resolution 60.22, passed in 2007, calls for additional efforts to strengthen the provision of trauma and emergency care. In 2013, Member States adopted the WHA resolution 66.10 to prioritize the prevention and control of NCDs. In 2015, all Member States passed the WHA resolution 68.15 on the strengthening of emergency and essential surgical care and anaesthesia as a component of universal health coverage and the subsequent decision point A70.22 coupled the progress reports to the SDG reporting until 2030. Lastly, in 2017, Member States passed resolution 70.12 on cancer prevention and control in the context of an integrated approach. As these mandates are interrelated and interdependent, coordination of programmes and initiatives is paramount.

Objective : To highlight synergies and cross-cutting health system strategies between the Surgery, Obstetrics, Anaesthesia (SOA) and Non-Communicable Disease (NCD) (Diabetes, Heart Disease, Cancer, Injury) programmes based around people and patient oriented Primary Health Care (PHC) within health systems strengthening (HSS), and public-private partnerships (PPP) so as to accelerate equitable, effective and efficient access, coverage with quality service delivery within the context of UHC and Health for All (HFA) .

Expected results : High level policy and political mobilization and partnership for joint urgent investment for scaling of access and coverage to emergency and essential; surgical, obstetric, anaesthesia (SOA) and NCD services at different levels of national health system and WHO international health system

Proposed programme :

Introduction (6min) (understanding the framework for action)
Case study (8min) (policy changes from one MS, including development of inclusive national plans addressing gaps in surgical and NCD services)
Case study (8min) (one MS discussing financing core surgical and NCD services and promoting financial protection)
Case study (8min) (one MS discussing innovative strategies for co-implementation of surgical and NCD programmes)
Open discussion (25min)
Conclusion (5min)

Speakers

- Dr. Tedros Adhanom Ghebreyesus (WHO)
- Minister of Health Tanzania
- Minister of Health Zambia
- Minister of Health Sudan
- Minister of Health Ethiopia
- Minister of Health, Mongolia
- Minister of Health, Swaziland
- Minister of Health, Tadjikistan
- Dr. Mariam Claeson (GFF, World Bank)
- Dr. Sania Nishtar (High Level Commission on NCD Commission)
- Dr. Gene Bukhman (Lancet NCDI Poverty Commission)
- Dr. Edward L. Trimble (National Cancer Institute-USA)
- Asha Varghese Chairperson (Director, Global Health- GE Foundation-Surgery 2020)
- Dr. Stefan Peterson (UNICEF)

Event details / details de la réunion

Expected number of participants/Nombre de participants attendus : 200

Exact title of the meeting/Titre exact de la réunion:

Scaling up Universal Access to Surgical, Obstetrics and Anaesthesia (SOA) and NCDs –
Key to emergency and essential people and patient health service delivery for All
Implementation of WHA Resolutions 60.22, 66.10, 68.15, & 70.12

Interpretation/Interprétation

Interpretation may be provided in the official languages and the estimated costs are as follows: 2 languages: 2561 CHF; 3 languages: 5123 CHF; 6 languages: 11953 CHF.

L'interprétation peut être assurée dans les langues officielles aux coûts estimés suivants : 2 langues-2561 CHF; 3 langues : 5123 CHF; 6 langues : 11953 CHF.

Are interpretation services requested? / L'interprétation est-elle requise ?

Yes/Oui ☒

No/Non ☐

(If yes, which languages)/(Si oui, en quelle langue)

English/Anglais ☐

French/Français ☒

Russian/Russe ☐

Spanish/Espagnol ☐

Chinese/Chinois ☐
