Concept

Description of proposed side event, including objective, expected results, proposed programme and speakers* / Description de la réunion parallèle proposée, y compris les objectifs, les résultats attendus, l'ordre du jour et les orateurs* :

Objective: Promote access to integrated health services, focused on the person and of good quality through the experience of the Bolivarian Republic of Venezuela with 100% Barrio Adentro, within the framework of Resolution WHA69.24 (2016)) "Strengthening of services of health integrated and centered on the person

Expected Results: In line with the WHO Global Plan of Action on the public health the response is to strengthen integrated and people-centered health services, through the experience of 100% Primary Health Care from Barrio Adentro already made by the Government. The Bolivarian Republic of Venezuela has implemented, as part of its National Plan, to achieve a100% integrated health services, focused on the person and of good quality for the whole population. The idea is to promote this strategy so that other member states, can incorporate them, into their national plans and achieve universality of care in their health systems.

Exchanges of experiences are expected to strengthen the responses to achieving universal access to health services, according to the provisions of Goal 3.8 of SDGs 2030. In this sense, the event will also support the objectives and highlight the importance of the construction of Universal Health Systems as a guarantee of the right to health.

Outline of the session

The session will be held as a moderate round table, with an introduction by the Venezuelan Deputy Minister of Ambulatory Networks, who will provide an update on the progress of 100% access to primary health care services from Barrio Adentro, followed by speakers from other countries of the Bolivarian Alternative for the people of our America (ALBA), Bolivia, Ecuador, Nicaragua and Venezuela about the development of similar plans. The Vice Minister will moderate a panel of 4 speakers.

The discussion will provide an opportunity to understand the need for all member states to build universal, integrated and equitable, person-centered, good-quality primary care plans that guarantee the right to health.
