In resolution EB61.R8 the Executive Board reaffirmed that representatives at the Health Assembly should be selected on the basis of their personal competence and previous attendance at one or more Health Assemblies, should not necessarily be selected from amongst the officers of the Board (except for the Chairman of the Board), and that at least one of the Board's representatives should use a working language other than English or French. The Board may wish to consider appointing members of ABFC to represent the Board at the Health Assembly in order to minimize travel costs (ABFC meets prior to the Health Assembly to consider certain financial matters).
