Item 1.4

Adoption of the agenda and allocation of items to the main committees

The President reported that the General Committee recommended to not include a supplementary agenda item entitled “Inviting Taiwan to participate in the World Health Assembly as an observer”.

The President noted that when previous Health Assemblies had considered a similar proposal, the Assembly had agreed to follow a predictable, respectful and orderly process for handling the matter. To facilitate this work, the President proposed that the Assembly follow the same process. The Assembly agreed with this proposal.

Two delegations in support of the recommendation of the General Committee and two delegations in opposition to the recommendation of the General Committee were invited to take the floor. The delegates of China, Palau, Pakistan and Paraguay took the floor.

The Assembly accepted the recommendation of the General Committee not to include a supplementary agenda item entitled “Inviting Taiwan to participate in the World Health Assembly as an observer” on the agenda.

The President reported that the General Committee recommended to include a supplementary agenda item entitled “Public health implications of the unprovoked attacks by the Islamic Republic of Iran on civilians and essential civilian infrastructure in Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, the United Arab Emirates and Jordan”.

The Assembly accepted the recommendation of the General Committee to include a supplementary agenda item entitled “Public health implications of the unprovoked attacks by the Islamic Republic of Iran on civilians and essential civilian infrastructure in Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, the United Arab Emirates and Jordan” on the agenda.

The President reported that the General Committee recommended the following changes to the provisional agenda (document A79/1 Rev.1):

- To delete the following items:
  - Item 5: Admission of new Members and Associate Members [if any]
  - Item 18.4: Special arrangements for the settlement of arrears [if any]

The Assembly was invited to vote on the proposal to merge sub-items 14.1 *WHO's work in health emergencies* and 14.4 *Implementation of resolution WHA75.11 (2022)*.

In accordance with Rule 78 of the Rules of Procedure, a recorded vote was taken. The vote resulted in: 22 votes in favour to 53 votes against, with 56 abstentions and 40 Member States absent.

One delegate gave an explanation of vote under Rule 77 of the Rules of Procedure.

The Assembly considered the organization of work under item 17, during which several delegations noted that two proposals addressed the same subject while others emphasized that the sub-items covered separate and distinct matters. Clarification was provided that the General Committee had recommended that sub-items 17.1 and 17.2 be discussed separately in Committee B, and it was recalled that substantive discussion had already taken place. Legal counsel suggested that a vote on whether to accept the recommendation of the General Committee and separate the discussion of agenda sub-items 17.1 and 17.2 take place following the closure of item 4. This proposal was accepted by the Assembly.

The recommendations of the General Committee concerning:
- the inclusion/exclusion of supplementary agenda items
- the deletion of agenda items 5, 18.4, 18.5, 18.6 and 21
