## **Scale of assessments**

**Report by the Director-General**

### **CORRIGENDUM**

Please note that on page 4 of the Annex to document EB113/46, the figure for Puerto Rico in the column for the WHO scale of assessments for 2005 (based on the United Nations scale for 2004-2006) should read **0.0010** and not 0.0001.
