

## **ПРИЛОЖЕНИЕ**

### **Добровольные взносы в разбивке по фондам и донорам за год, закончившийся 31 декабря 2010 г.**

1. Настоящий документ дополняет информацию в неревизованном промежуточном финансовом отчете за 2010 г.<sup>1</sup> и содержит дополнительную подробную информацию по добровольным взносам. В него входят следующие таблицы:

**Таблица 1 - Добровольные взносы в разбивке по фондам**

**Таблица 2 - Добровольные взносы в разбивке по фондам и донорам**

**Таблица 3 - Добровольные взносы в натуральной форме и в форме услуг**

**Таблица 4 - Добровольные взносы, полученные досрочно**

2. В отношении добровольных взносов применена следующая учетная политика и принципы оформления:

- **политика в отношении отражения поступлений в виде добровольных взносов.** Добровольные взносы регистрируются по методу начислений. Для признания активов до поступления денежных средств необходимы официальные соглашения о финансировании, подписанные обеими сторонами. Если вся сумма финансирования подлежит досрочному внесению, то сумма поступлений, равная сумме финансирования, указанной в соглашении, регистрируется при подписании соглашения. Если получение средств обусловлено конкретной датой в будущем, то поступления будут учтены лишь в этом будущем периоде.
- **добровольные взносы в натуральной форме и в форме услуг.** Взносы в натуральной форме или в форме услуг, полученные ВОЗ, регистрируются как полученные товары или предоставленные услуги. Они рассматриваются в качестве одновременных поступлений и расходов и регистрируются по наилучшей оценке их рыночной стоимости.
- **добровольные взносы, полученные досрочно.** Представляют собой взносы, полученные в 2010 г., которые относятся к соглашениям, начинающим действовать в 2011 году.

<sup>1</sup> Документ A64/29.

3. Данные составлены на следующей основе. В Глобальной системе управления каждый добровольный взнос отражен в форме выделенных средств. В сводных таблицах, содержащихся в настоящем документе, эти выделенные суммы агрегированы с разбивкой взносов по фондам и их донорам. Прочие поступления и взносы доноров на общую сумму менее 10 000 долл. США сгруппированы в статье "Прочее".

**Note 1** – Voluntary contributions – core include two types of income: funds received to support the Programme budget as a whole, considered fully or highly flexible; and funds that are earmarked for purposes within the Programme budget, considered designated, or medium flexible. Fully flexible funds and highly flexible funds, earmarked only at the level of the strategic objective, are recorded in the Core Voluntary Contributions Account. Designated funds, earmarked at the level of Organization-wide expected result, disease, or programme, are not as

tightly specified for detailed activity or expenditure line reporting as voluntary contributions – specified, yet are still earmarked rather than highly flexible so are categorized as voluntary contributions – core.

**Note 2** – Voluntary contributions – specified include Base programmes, Special programmes and collaborative arrangements and Outbreak and crisis response.

**Note 3** – As reported in the statement of financial performance for the year ended 31 December 2010 (see document A64/29). All activities implemented by WHO have been consolidated in the unaudited interim Financial Report. This includes voluntary contributions received under the General Fund, the Fiduciary Fund and the Special Purpose Fund. Voluntary contributions reported in Schedules 1 and 2 include in-cash contributions only. In-kind and in-service contributions are separately reported in the statement of financial performance and detailed in Schedule 3.
