

Road map for neglected tropical diseases 2021–2030

The Seventy-third World Health Assembly, having considered the report on neglected tropical diseases,¹ and recalling resolution WHA66.12 (2013) on neglected tropical diseases, and WHO's road map for accelerating work to overcome the global impact of neglected tropical diseases (2012–2020), and Member States' commitment to Sustainable Development Goal target 3.3 (by 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases), decided:

- (1) to endorse, and urge Member States to implement, the new road map for neglected tropical diseases 2021–2030, "Ending the neglect to attain the Sustainable Development Goals: a road map for neglected tropical diseases 2021–2030";
- (2) to request the Director-General:
 - (a) to advocate for, and provide technical assistance and guidance to Member States and partners in the implementation of, the new road map for neglected tropical diseases 2021–2030 towards reaching Sustainable Development Goal target 3.3;
 - (b) to continue to monitor progress of the road map and under a substantive agenda item, to report biennially to the Health Assembly, through the Executive Board, on the implementation of the road map for neglected tropical diseases 2021–2030, starting at the Seventy-fifth World Health Assembly until the Seventy-ninth World Health Assembly, and then from the Eighty-second World Health Assembly to the Eighty-fourth World Health Assembly.

Third plenary meeting, resumed session, 13 November 2020
