

## **The global health sector strategies on, respectively, HIV, viral hepatitis and sexually transmitted infections**

The Seventy-fourth World Health Assembly, having considered the consolidated report by the Director-General,<sup>1</sup>

Decided:

(1) to confirm the objective of the global health sector strategies on, respectively, HIV, viral hepatitis and sexually transmitted infections to contribute to the achievement of Sustainable Development Goal target 3.3 (By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, waterborne diseases and other communicable diseases) and other communicable disease-related goals and targets;

(2) to request the Director-General, building on the work already under way, to undertake a broad consultative process to develop global health sector strategies on, respectively, HIV, viral hepatitis and sexually transmitted infections, for the period 2022–2030, as appropriate, in full consultation with Member States,<sup>2</sup> taking into consideration the relevant strategies of UNAIDS and the Global Fund to Fight AIDS, Tuberculosis and Malaria, and taking into account the views of all relevant stakeholders, ensuring that the health sector strategies remain based on qualitative and quantitative scientific evidence for the achievement of commitments for HIV, viral hepatitis and sexually transmitted infections, including Sustainable Development Goal target 3.3 and other related goals and targets, for consideration by the Seventy-fifth World Health Assembly in 2022, through the Executive Board at its 150th session.

Seventh plenary meeting, 31 May 2021
