

Financial and administrative implications for the Secretariat of resolutions proposed for adoption by the Health Assembly

Resolution: Climate change and health
A. Link to the approved Programme budget 2024–2025
1. Output(s) in the approved Programme budget 2024–2025 under which this draft resolution would be implemented if adopted: 3.3.1. Countries enabled to address environmental determinants of health, including climate change
2. Short justification for considering the draft resolution, if there is no link to the results as indicated in the approved Programme budget 2024–2025: Not applicable.
3. Any additional Secretariat work during the biennium 2024–2025 that cannot be accommodated within the approved Programme budget 2024–2025 ceiling: Not applicable.
4. Estimated time frame (in years or months) to implement the resolution: Twelve months (2024–2025). The time frame for developing the requested documents and reporting to the Seventy-eighth World Health Assembly in 2025 is 12 months, as is the continuing capacity-building and provision of support to Member States.
B. Resource implications for the Secretariat for implementation of the resolution
1. Total budgeted resource levels required to implement the resolution, in US\$ millions: US\$ 27.60 million.
2.a. Estimated resource levels required that can be accommodated within the approved Programme budget 2024–2025 ceiling, in US\$ millions: US\$ 27.60 million.
2.b. Estimated resource levels required in addition to those already budgeted for in the approved Programme budget 2024–2025, in US\$ millions: Not applicable.
3. Estimated resource levels required to be budgeted for in the proposed programme budget for 2026–2027, in US\$ millions: Not applicable.

<p>4. Estimated resource levels required to be budgeted for in the proposed programme budgets of future bienniums, in US\$ millions:</p> <p>Not applicable.</p>
<p>5. Level of resources already available to fund the implementation of the resolution in the current biennium, in US\$ millions</p> <p>– Resources available to fund the resolution in the current biennium:</p> <p>US\$ 20.00 million.</p> <p>– Remaining financing gap in the current biennium:</p> <p>US\$ 7.60 million.</p> <p>– Estimated resources, which are currently being mobilized, if any, that would help to close the financing gap in the current biennium:</p> <p>The Secretariat is continuing its discussions with Member States, development agencies and philanthropic organizations to ensure financial support for the leadership, technical and country-support work of the Organization on this issue. It also has a continuing pipeline of applications to climate finance institutions for country-implementation projects, which are the largest component of WHO’s work on climate change and health. Together, these should close the financing gap in the current biennium.</p>
