

Submission of Text Proposal on the Annex on Pathogen Access and Benefits-Sharing (PABS Annex) of the WHO Pandemic Agreement

Submitted by Türkiye

Please note that this submission presents elements as requested, however Türkiye may decide to submit subsequently during the IGWG process.

Proposal: Consider changing the header of the Section D (12.4)

~~Section D – Consistency with Nagoya Protocol (Article 12.4)~~

Section D – Consistency with Nagoya Protocol **and the Status of Non-Parties to the Nagoya Protocol** (Article 12.4)

Rationale: This would more accurately reflect the balanced approach adopted in the Pandemic Agreement.
