Section 2500: Anthropometrics, Performance Tests and Biomarkers

Before we ask you more questions, we would like to measure a few things, like your blood pressure, your weight and height. We'll also ask you to participate in a few tests to determine your health status.

Blood Pressure

First I would like to measure your blood pressure and pulse rate. Stay seated, and once I put this on your wrist, keep it steady and at the level of your heart. We will need to take the blood pressure reading three times. It will squeeze your wrist a bit, but it will not hurt. Relax. *INTERVIEWER: respondent should remain seated. Demonstrate to the respondent how to hold their arm while the machine is measuring. Place the monitoring device on the wrist and have the respondent hold it at heart level against his/her chest. When the device is in the correct position and respondent is relaxed, press the button to start. Check to make sure it is working. Collect the blood pressure and pulse 3 times with one minute between each measurement. You do not need to remove the device between measurements.*

TIMED WALK

INTERVIEWER: you will now invite the respondent to do a walking test – using your flexible steel tape measure, mark out length of 4 metres over a flat and straight surface if you have not already done so. Mark the ground at the beginning and end. Mark sure the surface is flat and free of obstacles. You will walk slightly behind the person for both tests.

Normal walk

Now I am going to observe how you normally walk. If you use a cane or other walking aid and would be more comfortable with it, then you may use it. This is the walking course. I want you to walk to the other end of the course at your usual speed, just as if you were walking down the street to go to the store. Walk all the way past the other end of the tape before you stop. I will walk with you.

INTERVIEWER: DEMONSTRATE.

Do you feel this would be safe? *If yes, continue.*

FILTER: If respondent has obvious problem with hand/arm, skip that side. If problems with both hands/arms, answer 1=yes to Q2521 and Q2522, then ➔ skip to Q2528. Make sure you fit the dynamometer to the respondent's hand size.

We are now going to test the strength in your hands.

Q2521	*Have you had any surgery on your left arm, hand or wrist in the last 3 months OR arthritis or pain in your left hand or wrist?*	*1 YES ➔ DO NOT TEST LEFT HAND* *2 NO*
Q2522	*Have you had any surgery on your right arm, hand or wrist in the last 3 months OR arthritis or pain in your right hand or wrist?*	*1 YES ➔ DO NOT TEST RIGHT HAND* *2 NO*
Q2523	*Which hand do you consider your dominant hand?*	*1 LEFT* *2 RIGHT* *3 USE BOTH THE SAME*

Remain sitting and let your hand drop to your side. Keep your upper arm against your body and bend your elbow to 90 degrees with palm facing in (like shaking hands). Keep your elbow pressed against your side. *INTERVIEWER: DEMONSTRATE.*
Then grab the two pieces of metal together like this.
INTERVIEWER: DEMONSTRATE.
I will ask you to do this two times in each hand. Let's start with your left hand, please take this in your left hand. If you feel any pain or discomfort, tell me and we will stop.

Section 8000: Preventing Unsafe Abortion

Abortion Knowledge, Attitudes, Practices, and Intentions

Measured for female and male respondents

INTERVIEWER READS ALOUD:
Sometimes, for health or other reasons, a woman may choose to terminate her pregnancy. We will refer to this as 'induced abortion' or, simply, 'abortion'. Sometimes women are pregnant and the pregnancy ends by itself; we will call that a miscarriage.
Family planning is the information, means and methods that allow individuals to decide if and when to have children. This includes a wide range of contraceptives – including pills, implants, intrauterine devices, surgical procedures that limit fertility, and barrier methods such as condoms – as well as non-invasive methods such as the calendar method and abstinence. Family planning also includes information about how to become pregnant when it is desirable, as well as treatment of infertility.

I am going to first read a couple of statements about reproductive health. Please tell me whether you strongly agree, agree, are unsure, disagree, or strongly disagree with each statement.

Q81100	Sexual and reproductive health knowledge	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree	Refused
Q81101	I know where someone in my community can get family planning	1	2	3	4	5	97
Q81105	I know where someone in my community can get safe care for a miscarriage	1	2	3	4	5	97

INTERVIEWER READS ALOUD: I am going to read a series of statements about abortion. Please tell me whether you strongly agree, agree, are unsure, disagree, or strongly disagree with each statement. In these statements, when I refer to "women", this includes all females, married or unmarried, who can become pregnant.

Q81110	Abortion Knowledge Statements	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree	Refused
Q81111	Abortion is allowed in certain situations in my country.	1	2	3	4	5	97
Q81112	Abortion can be a safe procedure.	1	2	3	4	5	97
Q81113	I know where someone in my community can get a safe abortion.	1	2	3	4	5	97
Q81114	Women have the human right to have an abortion regardless of the laws in my country.	1	2	3	4	5	97

INTERVIEWER READS ALOUD: Now I'm going to ask you about your attitudes about safe abortion. When I say, "safe abortion", I mean the type of care which does not put a woman's health at risk. Please tell me whether you strongly agree, agree, are unsure, disagree, or strongly disagree with each statement. As a reminder, when I refer to "women", this includes all females, married or unmarried, who can become pregnant.

Q81120	Abortion Attitude Statements	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree	Refused
Q81121	I think women should be able to get a safe abortion.	1	2	3	4	5	97
Q81122	I think women seeking safe abortion care deserve to be treated with respect.	1	2	3	4	5	97
Q81123	I respect a woman's decision to have an abortion.	1	2	3	4	5	97

INTERVIEWER READS ALOUD: In these next few questions, I am going to read statements about your practices, or actions, related to abortion. Please tell me whether you strongly agree, agree, are unsure, disagree, or strongly disagree with each statement.

Q81130	Practices Statements	Strongly Disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree	Refused
Q81131	I have openly discussed safe abortion with someone I know.	1	2	3	4	5	97
Q81132	I have helped someone get safe abortion information or services.	1	2	3	4	5	97
Q81133	I treat women who have had an abortion with respect.	1	2	3	4	5	97
Q81134	I have tried to stop the spread of false information about abortion in my community.	1	2	3	4	5	97
Q81135	I have challenged someone about their negative views on abortion.	1	2	3	4	5	97
