

Decision 10: Subjects for study by the TCDC working groups in 1983-1984

The Regional Committee encouraged the TCDC¹ Standing Committee's initiative in identifying in advance the Subjects for study and analysis by its working groups. It confirmed Decision 9 of the thirtieth session of the Regional Committee and approved the following additional subjects:

- (i) Organization of MCH and TCDC (Mauritania);
- (ii) Studies on the effects of industrial wastes (Nigeria);
- (iii) International Drinking Water Supply and Sanitation Decade: mid-Decade Evaluation (Regional Office);
- (iv) Referral of patients for treatment (national experience) (Lesotho).
