ENGLISHPROPOSED AMENDMENT TO THE AMENDMENT TO THE DRAFT RESOLUTION
RELATING TO THE FIRST REPORT OF THE COMMITTEE ON
INTERNATIONAL QUARANTINE (Document A7/35)

Submitted by the delegation of Belgium

Paragraph 4, on page 11 of the report of the Working Group (document A7/33), commencing: "Decides that pending the decision ..." to be replaced by the following text:

"RECOMMENDS interested governments not to apply paragraph 2 of Article 70 of the Regulations pending the decision of the Eighth World Health Assembly concerning changes in the provisions with regard to yellow fever to be proposed to it by a future Committee on International Quarantine assisted by yellow fever experts.

These recommendations will not apply to local areas in which yellow fever, should it occur, can only be transmitted by aèdes aegypti, provided the terms of paragraph 2 of Article 70 apply to such areas, it being understood that health administrations will vaccinate against yellow fever all persons proceeding from endemic zones and arriving in such local areas on an international journey to a yellow fever receptive area."
