

AFR/RC2/R6:

The Regional Committee,

Considering that the Regional Office for Africa has not yet the financial means corresponding to the importance of the Region,

Feeling that priority should be given to matters of programme,

RECOMMENDS to the Regional Director:

- (1) that the posts of Information Officer and his secretary be not included in the budget for 1954;
- (2) that an equivalent sum be added to the allocation to be spent on the field programme.
