**STATUS OF CONTRIBUTIONS TO THE BUDGETS FOR 1948 AND 1949
AND TO THE WORKING CAPITAL FUND**

There are attached hereto statements showing the position with regard to contributions to the budgets for 1948 and 1949 assessed and collected up to 31 December 1949. There is also attached hereto a statement showing the amounts notified to Members in respect of the voted increase for 1950 of the working capital fund and the sums collected up to 31 December 1949 in respect thereof. It will be noted that contributions to the budgets outstanding at 31 December 1949 represent respectively:

1948 17.85 per cent

1949 26.71 per cent

The Director-General's report to the Board called for under resolution WHA/56 is in course of preparation and will be submitted to the Board as a further addendum to this document.

DE LA SANTÉEXECUTIVE BOARD

EB5/21 Add.2. ✓

11 January 1950

Fifth Session

ORIGINAL: ENGLISH

STATUS OF CONTRIBUTIONS TO THE BUDGETS FOR 1948 AND 1949
AND TO THE WORKING CAPITAL FUND

There are attached to document EB5/21 Add.1 statements showing the sums paid and those unpaid out of the amounts assessed in respect of the budgets voted by the First World Health Assembly for the years 1948 and 1949, and the sums paid and those unpaid out of the amounts notified to Members as their additional advances to the Working Capital Fund for 1950.

The attention of the Board is called to Resolution WHA2.56¹ of the Second World Health Assembly, as follows:

"The Second World Health Assembly

RESOLVES to adopt the following policy and procedure when the contribution to be paid by a Member is in arrears:

When the contribution has not been paid by any Member in full by the end of the year for which the assessment is made, that Member shall be considered to be in arrears. When any Member is in arrears, the Director-General shall communicate with the Member concerned to ascertain the reasons for the delay in payment and what arrangements can be made for payment. He shall submit to the next session of the Executive Board a report on the result of his enquiries.

When the contribution has not been paid by any Member in full by the end of the year following the year for which the assessment is made that Member shall be considered to be in arrears for one year, warranting consideration by the next convened meeting of the World Health Assembly.

A full report on the circumstances of the case shall be furnished by the Executive Board to the World Health Assembly, and the Health Assembly may after consideration of that report, take such action, if any, as it considers necessary and appropriate, by invoking all or part of Article 7 of the Constitution."

The Director-General reports to the Board as follows:

1. Unpaid contributions assessed in respect of 1949.

The Members in arrears in this respect came within the scope of the resolution only a few days before the opening of the fifth session of the Board; they are being communicated with, and the result of these enquiries will be reported to the Board at its next session.

¹ Off.Rec.World Hlth Org.21, 35

2. Unpaid contributions assessed in respect of 1948.

The following are the results of the enquiries made in respect of such contributions:-

(a) Assessments made on non-Members

<u>Cuba</u>	US \$ 5,969
<u>Nicaragua</u>	US \$ 853
<u>Panama</u>	US \$ 1,023

It will be recalled that the First World Health Assembly decided to assess all signatories of the Arrangement setting up the Interim Commission of the World Health Organization, whether they subsequently accepted the Constitution or not, in respect of their appropriate shares of the sums loaned to the Interim Commission by the United Nations. The three states above referred to signed the Arrangement but had not become Members of the Organization up to 31 December 1949. The results obtained by communication with them are as follows:-

Cuba

No reply has been received to any of the communications on financial matters addressed to Cuba.

Nicaragua

The replies given by the Minister of Public Health to the enquiries addressed to him indicate that until Nicaragua has become a Member no amount can be included in the domestic budget in respect of the WHO, and until an amount is so included no payment can be made.

Panama

The Minister of Foreign Affairs States, in response to enquiries, that no payment could be made, under the Constitution of Panama, until the National Assembly had ratified the Constitution of WHO.

(b) Assessments made on states which became Members only during 1949 but which were assessed in 1948 (as signatories of the Arrangement in respect of the Interim Commission Loans)

Bolivia (US \$ 1,705)

The formal deposit of the instruments of acceptance of the WHO

Constitution took place on 23 December 1949. Prior to this, no direct statement was given, in correspondence on the subject, as to the situation but it appeared to be doubtful whether liability for the Interim Commission loans could be accepted pending ratification.

Ecuador (US \$ 1,023)

The enquiry made in this case has not yet brought an answer but it appears, from previous correspondence, that the Ministry of Social Welfare has been awaiting the necessary funds to make the payment.

Guatemala (US \$ 1,023)

The Ministry of Foreign Affairs of Guatemala informed the WHO that under the country's budgetary legislation the Government was unable to accept liability for the 1948 contribution, Guatemala not having been a Member during that year.

Paraguay (US \$ 853)

No answer has so far reached the Organization in response to the communications addressed to this Member on the subject of contributions.

Peru (US \$ 4,093)

The membership of this country became effective only in late December 1949; up to that time no replies had been received to correspondence on the subject of contributions addressed to the Ministry of Foreign Affairs.

Uruguay (US \$ 3,752)

No reply has yet been received to correspondence on the subject of contributions addressed to the Ministry of Public Health.

(c) Other outstanding assessments relating to 1948.

Argentina (US \$ 86,300)

The Ministry for Foreign Affairs of Argentina, in acknowledging receipt of the various communications sent by WHO on the subject of contributions, has stated in each case that the particulars set out therein are being brought to the attention of the responsible authorities.

Chile (U.S.\$ 20,992)

The Minister for Foreign Affairs informed the WHO, in January 1949, of the difficulties arising from their budgetary processes, which necessitate the presentation of budgetary proposals to the Congress not later than September in the year preceding that in respect of which the budget is to be voted. As a result of this and of the fact that Chile became a Member only in October 1948, no sum could be included in the 1949 budget to cover contributions to WHO; it is understood that provision for all such sums outstanding has been made in the proposals submitted in September 1949 in respect of the Chilean budget for 1950.

Bulgaria (U.S.\$ 3,304 - i.e. one-half of assessment)

Byelorussian S.S.R. (U.S.\$ 10,107)

China (U.S.\$ 279,891)

Colombia (U.S.\$ 7,504)

Hungary (U.S.\$ 6,230 - balance of \$9,330)

Italy (U.S.\$ 97,962)

Ukrainian S.S.R. (U.S.\$ 39,263)

U.S.S.R. (U.S.\$ 295,829)

No reply has been received to any of the communications on the subject of contributions addressed to the appropriate authorities of the above Members.

3. The Board is required to furnish to the World Health Assembly a full report on the circumstances of each case where a Member is in arrears for one year, after which the Assembly may take action and may invoke the provisions of Article 7 of the Constitution. It is, therefore, suggested that the Board may wish to request the Director-General to pursue his enquiries and to submit to the Assembly, on behalf of the Board, the full report required by resolution WHA2.56 in respect of all Members which are still in arrears for one year at the time of the opening of the Third World Health Assembly. The following draft resolution is submitted for the consideration of the Board:

The Executive Board

Having considered the Director-General's report on the results of his enquiries into delays in payment of contributions owing by Members of the Organization, and having observed therefrom that a number of Members are in arrears for one year, and considering that the Board is not expected to meet again before the Third World Health Assembly; and, as provided for in resolution WHA2.56,

REQUESTS the Director-General to pursue his enquiries and to submit to the Third World Health Assembly on behalf of the Board a full report on the circumstances of each case in which a Member, at the time of the opening of that Assembly, is in arrears for one year.

STATUS OF CONTRIBUTIONS TO THE BUDGETS FOR 1948 and 1949

Note by Dr. Mackenzie

I have considered the resolution at the end of paper EB5/21 Add.2 in the light of the proceedings in and the information presented to the Standing Committee on Administration and Finance and consider that the circumstances warrant a more definite recommendation to the Assembly. The view expressed by the Standing Committee in paragraph 19 of their report appears to me to be relevant.

I propose therefore to move that the Executive Board should add to the draft resolution on page 5 of EB5/21 Add.2 the following:-

"and:-

RECOMMENDS to the Third Health Assembly that they take action in pursuance of Article 7 of the Constitution, against any Member whose contribution in respect of 1948 is still unpaid at the date of the Assembly and who, in the opinion of the Assembly after considering the report of the Director-General, has not disclosed adequate grounds for failure to pay their contribution."
