Subject HFA POLICY AND STRATEGY DEVELOPMENTS IN THE
REGIONS : SPEECHES MADE BY THE REGIONAL
DIRECTOR

On many occasions the Regional Directors are called upon to give speeches on Health for All policy and strategy related developments and issues in their regions. I believe that it would be useful for HSC to receive copies of such speeches as they are, in a way, reflections of the leadership of WHO on matters of concern to them and to Member States of the Region. Such material should form part of our information bank which we can tap for several purposes including for our periodic update on the state of HFA strategy and for leadership dialogues.

I would, therefore, greatly appreciate receiving copies of such speeches as you feel will be most relevant.

Thanking you.

Dr S. Khanna
