

REGIONAL COMMITTEE

SEA/RC42/12

Forty-second Session

22 June 1989

Provisional Agenda item 23

**SELECTION OF A SUBJECT FOR THE TECHNICAL DISCUSSIONS AT  
THE FORTY-THIRD SESSION OF THE REGIONAL COMMITTEE**

The following subjects have been dealt with in the technical discussions held in conjunction with the sessions of the Regional Committee since 1980:

- |      |   |
|------|---|
| 1980 | Health manpower planning and community participation for primary health care  |
| 1981 | The role of ministries of health as directing and coordinating authorities on national health work                                  |
| 1982 | Control and prevention of leprosy in the context of primary health care   |
| 1983 | Monitoring and evaluation, including information support for primary health care programme, with special reference to family health |
| 1984 | Innovations on primary health care within the community   |
| 1985 | Integrated control of priority communicable diseases using PHC infrastructure   |
| 1986 | Integrated approach to maternal and child health care in the context of primary health care   |
| 1987 | Information and education for health in support of Health For All By the Year 2000  |
| 1988 | Development of district health systems  |
| 1989 | Role of epidemiology in health for all  |

In selecting a subject for the technical discussions to be held during its forty-third session in 1990, the Regional Committee may wish to consider the following subjects:

1. Protection of the environment and health in the context of sustainable development;
2. The health of the underprivileged;
3. Health systems research with focus on district health systems
