## COMMITTEE ON CREDENTIALS

Third Report

The Committee on Credentials met on 22 May 1967 under the chairmanship of Dr E. Akwei (Ghana).

1. The Committee examined the credentials of the Dominican Republic and Senegal which were found to be in order. It proposes therefore that the Health Assembly should recognize their validity.
2. The Committee examined notifications from the United Republic of Tanzania which while indicating the composition of its delegation could not be considered as constituting formal credentials in accordance with the provisions of the Rules of Procedure. Nevertheless the Committee recommends to the Health Assembly that this delegation be provisionally recognized with full rights in the Health Assembly pending the arrival of their formal credentials.
