

The Regional Committee,

Having reviewed the Report of the Regional Director on the work of WHO in the Western Pacific Region during the period 1950-1965,

1. CONSIDERS that the Report is an excellent record of the programmes developed and the advances made with WHO assistance;
2. NOTES with great interest the progress made and the views expressed in the Report;
3. EXPRESSES the hope that the outstanding spirit of co-operation which has characterized the relations between the Regional Office and the Member countries of the Committee will continue;
4. COMMENDS the Regional Director and his staff for the work accomplished and the preparation of a comprehensive report.
