

The Regional Committee,

Having, as part of its consideration of the proposed programme and budget estimates for 1960, reviewed the supplementary list of projects which were requested by governments but could not be accommodated within the tentative regional allocations for 1959 and 1960;

1. NOTES the additional request for a nursing fellowship received from the Government of the Netherlands;
2. AGREES that this should be added to the supplementary list; and
3. REQUESTS the Regional Director:
 - (1) to forward this list, along with the proposed programme and budget, to the Director-General for submission to the Executive Board and World Health Assembly;
 - (2) to implement as many of the projects in the supplementary list as possible, in accordance with priorities already approved.
