
The Regional Committee,

Having reviewed the general programme of work for the specific period 1967-1971, inclusive, as proposed by the Regional Director,

1. CONSIDERS that it provides a broad general policy that could guide the development of the annual programmes;

2. APPROVES the third general programme of work for the specific period 1967-1971, inclusive.

WP/RC16.R7  CHOLERA

The Regional Committee,

Having reviewed the report presented by the Regional Director on the present position with regard to El Tor cholera in the Region and the additional information furnished by representatives,

1. CONSIDERS that there should be a co-ordinated attack on cholera,

2. RECOMMENDS that the Regional Director:

   (1) should make the necessary arrangements to collect information on the cholera situation in the Region and to keep this information up-to-date;

   (2) should work in close collaboration, through the Director-General, with the Directors of the South-East Asia and Eastern Mediterranean Regional Offices with a view to co-ordinating anti-cholera activities;
