The Committee noted that there were sufficient funds in the Revenue Account to cover the award of the Prize in 1974.

The Committee further noted that the balance then remaining was not sufficient to cover the full costs of the Dr A. T. Shousha Fellowship proposed to be awarded for the academic year 1974/75. However, the Committee was also advised that the additional funds required for this fellowship would be available before the commencement of studies from income which would accrue during the first six months of 1974.

The Committee also decided that the amount to be paid for the fellowship will include the following items: fare, book allowance, stipends and tuition.
