Annex: Plans of the Palais des Nations and position of the international organizations

1. DATE AND PLACE OF THE WORLD HEALTH ASSEMBLY

The Forty-second World Health Assembly will open in Geneva on Monday, 8 May 1989, at 12.00 noon and will close not later than Friday, 19 May 1989. The Health Assembly will be held in the Palais des Nations, located near the Place des Nations and Avenue de la Paix, and most easily reached by the entrance gate on Route de Pregny.

2. ARRIVAL IN GENEVA

Delegates, representatives or other participants travelling by air will arrive at Cointrin Airport near Geneva, and those travelling by train at Cornavin Station in Geneva. Hotel reservations and other arrangements should be made well in advance.

If on arrival special assistance is required with regard to passports, police and customs formalities, or hotel reservations, delegates should telephone the Travel Officer, Mr Fournier, who can be reached on Saturday, 6 May and Sunday, 7 May at his home (tel. 793 63 56) and on Monday, 8 May at his office in the Palais des Nations (tel. 734 60 11, ext. 4270).

Delegates should ascertain well in advance whether they need a visa for entering Switzerland. If so, they should obtain it before leaving their home country by applying in good time to the nearest Swiss consular representation. In exceptional cases arrangements can be made on an ad hoc basis with the Swiss immigration authorities for entry into Switzerland, provided delegates cable in advance their passport number, place and date of birth, flight number and expected time of arrival at Cointrin Airport, to UNISANTE GENEVA (telex No. 27821 until 20 April; No. 415416 as from 21 April).

3. ACCESS TO THE PALAIS DES NATIONS FOR THE WORLD HEALTH ASSEMBLY

The World Health Assembly will meet in the Assembly block of the Palais des Nations (as shown in the map attached). The Assembly block is conveniently reached by

Door 13 or 15. The plenary sessions will be held in the Assembly Hall (Salle des Assemblées) which can be reached by stairway or elevator from Door 13 or 15. The two main committees of the Health Assembly meet in separate conference rooms, Committee A in Conference Room XVIII and Committee B in Conference Room XVII. Both rooms are located on the first floor of building E ("Bâtiment E") (see plan).

4. INQUIRY OFFICE

The Inquiry Office is located in the hall between Entry Doors 13 and 15 (telephone extension 4217). The Inquiry Office handles the registration of participants, provides guidance on a range of matters of interest to the participants, and will direct participants to other services, such as travel, mail, finance and communications. Personal mail can be collected here as well. Lost property may be turned in or claimed at the Inquiry Office.

5. CREDENTIALS AND REGISTRATION

Before the opening of the Assembly delegates, representatives and other participants will be able to register at the Inquiry Office on Saturday, 6 May between 09h00 and 14h00, and on Monday, 8 May as from 08h30. Delegations whose credentials have not been communicated to WHO in advance should deposit them at the same office. The Inquiry Office will issue badges to delegates, representatives and other participants. These badges will permit access to the various conference rooms.

6. LIST OF DELEGATES

A provisional list of delegates and other participants (document WHA42/DIV/3) will be distributed at the beginning of the Health Assembly. This list will be issued on the basis of information provided in writing to the Secretariat up to 14h00 on Saturday, 6 May. Revised lists will be issued as part of the normal documents distribution later on, as required. In the event of any official changes in delegation membership, delegations are kindly requested to notify the Inquiry Office in writing on the form attached to the list. The form should be signed by the Chief Delegate.

7. CONTACT WITH WHO SECRETARIAT

A list of the Secretariat and supporting services (document WHA42/DIV/2) will be distributed at the beginning of the Health Assembly. It includes a listing of technical programme subjects and corresponding responsible officers at headquarters, with their office and telephone extension numbers. In addition, the WHO telephone directory lists all WHO staff in Geneva.

8. DOCUMENTATION

8.1 Daily programme of meetings (Journal)

The time and place of meetings are posted in the hall near Doors 13 and 15 and published each day in the Journal of the World Health Assembly. The Journal indicates the programme for meetings, the agenda items for discussion and the corresponding documents as well as other relevant information.

8.2 Distribution

A documents distribution service operates at the counter in the hall between Doors 13 and 15. Each day delegates, representatives and other participants will receive their documents under the name of their country or organization in the pigeon-holes situated on both sides of this counter. Documents will be distributed in the languages indicated by the delegates on the form which they will be invited to complete. Pigeon-holes are reserved exclusively for official WHO documents produced and distributed through the WHO documents distribution system.

The only distribution of documents considered official is the distribution to these pigeon-holes. Participants are therefore kindly requested to collect their documents before the meetings each day.

8.3 Basic Documents

The Constitution of WHO and the Rules of Procedure of the Health Assembly and other relevant information are contained in a booklet entitled Basic Documents (37th ed., 1988), together with its addendum reproducing the amendments adopted by the Forty-first World Health Assembly.

8.4 Handbook of Resolutions and Decisions

The cumulative editions of the Handbook of Resolutions and Decisions - Volume I, published in 1973, Volume II, published in 1985, and Volume III, published in 1987, and previously issued to all delegations - cover the period 1948-1986 and are not being redistributed. Reference copies will be available in the Assembly Hall and committee rooms, where they can be consulted. Delegates are kindly asked not to remove these copies. The resolutions and decisions of the eighty-third session of the Executive Board (January 1989) are not included in the latest edition of the Handbook and will be found - in numerical order - in document EB83/1989/REC/1, Part I. Other resolutions and decisions referred to in the agenda of the Forty-second Health Assembly and not included in the Handbook will be found in document A42/DIV/4.

8.5 Documents of particular relevance to the agenda of the Forty-second World Health Assembly

Apart from the documents described below, a number of documents which were considered first by the Executive Board at its eighty-third session are reproduced as annexes to document EB83/1989/REC/1 and referred to under the relevant items of the provisional agenda of the Forty-second Health Assembly. These annexes constitute the main background documentation for the consideration of these items by the Health Assembly. For other agenda items, the basis for discussion will be a separate document bearing the symbol A42/...

The proposed programme budget for the financial period 1990-1991 is obtained in document PB/90-91; the report of the Executive Board on its review of the proposed programme budget appears as Part II of document EB83/1989/REC/1.

The provisional agenda also makes reference to Board resolutions containing draft resolutions recommended for adoption by the Forty-second World Health Assembly; these resolutions can be found, in numerical order, in document EB83/1989/REC/1, Part I.

The summary records of the Board's discussions at its eighty-third session appear in document EB83/1989/REC/2.

8.6 Document symbols

Various types of documents are issued for the World Health Assembly. Documents in the main series (A42/..) serve as a basis for discussion of an agenda item or convey the report of a committee or other body. Information documents (A42/INF.DOC./..) transmit information requested by or received from governments or from representatives of nongovernmental organizations, staff associations, etc.

During the session, conference papers (A42/A/Conf.Paper No. .. and A42/B/Conf.Paper No. ..) contain draft resolutions of Committees A and B. Once adopted in plenary, resolutions are issued in the series WHA42... . The verbatim records of the plenary meetings, which give a word-for-word transcription of the proceedings, appear in the series A42/VR...; the discussions in Committees A and B are reflected in summarized form in summary records A42/A/SR... and A42/B/SR... .

8.7 Document colours

First pages or cover pages of different colours are used to identify the languages in which documents are issued:

Arabic - white
Chinese - white
English - light yellow
French - blue
Russian - pink
Spanish - green

The colour of the cover pages for Technical Discussions documents will continue to be saffron yellow, except for documents A42/Technical Discussions/1 and 2, which have been issued in the form of booklets.

8.8 Submissions by delegations

Delegations wishing to have informative material or draft resolutions distributed to the Health Assembly or to one of its committees are requested to hand them to the Assistant to the Secretary of the Health Assembly, in the case of documents intended for the plenary, or, in the case of documents intended for one of the committees, to the secretary of the committee concerned. Draft resolutions should be handed in sufficiently early in order to allow reasonable time for translation, reproduction in the working languages and circulation to delegations at least two days before the proposal is discussed, in conformity with Rule 52 of the Rules of Procedure. The Secretariat is available upon request to provide logistic and editorial or information support as may be required.

The conditions under which formal proposals relating to items on the agenda may be introduced at plenary meetings and in the main committees are indicated in Rules 50, 51 and 52 of the Rules of Procedure (Basic Documents, 37th edition, 1988).

9. ORGANIZATION OF THE HEALTH ASSEMBLY

The work of the World Health Assembly is conducted in plenary sessions and in two main committees, Committee A and Committee B, open for attendance by all delegates, representatives and other participants. The Health Assembly also establishes the following three committees: the Committee on Credentials, the Committee on Nominations, and the General Committee.

9.1 Delegates meeting in plenary appoint members of the Committee on Credentials, establish the Committee on Nominations, elect officers of the Health Assembly, as well as the other members of the General Committee, and adopt the agenda. An important item on the agenda of plenary meetings is the review and approval of the reports of the Executive Board on its two most recent sessions and that of the Director-General on the Work of WHO. The election of Members entitled to designate a person to serve on the Executive Board is made in plenary from among the Members nominated by the General Committee. The plenary also considers and adopts reports and resolutions recommended by the two main committees. Presentations of prizes are made in plenary.

9.2 The Committee on Credentials consists of 12 delegates appointed at the beginning of each session of the Health Assembly, on the proposal of its President. This Committee examines the credentials of delegates of Member States and of representatives of Associate Members. Meetings of the Committee on Credentials are held in private.

9.3 The Committee on Nominations consists of 25 delegates who are elected at the beginning of each regular session of the Health Assembly. This Committee proposes, from among the delegates, nominations for the offices of President and Vice-Presidents of the Health Assembly, for the offices of Chairman, Vice-Chairmen and Rapporteur of each of the two main committees, and for members of the General Committee. Meetings of the Committee on Nominations are held in private.

9.4 The General Committee is the coordinating organ of the Health Assembly. It consists of the President and Vice-Presidents of the Health Assembly, the chairmen of the main committees of the Health Assembly and that number of delegates to be elected by the Health Assembly, after consideration of the report of the Committee on Nominations, in order to arrive at a total of 25 members of the General Committee, provided that no delegation may have more than one representative on the Committee. The President of the Health Assembly convenes, and presides over, meetings of the General Committee.

Each member of the General Committee may be accompanied by one other member of his or her delegation.

Meetings of the General Committee may also be attended by one member of each delegation to the Health Assembly not represented in the Committee. Such members may participate without vote in the deliberations of the General Committee if so invited by the Chairman. The functions of the General Committee are to facilitate the proceedings of the Health Assembly.

9.5 The main committees of the Health Assembly are: Committee A and Committee B.

(1) The terms of reference of Committee A are:

- (a) to review the proposed programme budget and the Executive Board's report thereon;
- (b) to recommend the budget level and Appropriation Resolution;
- (c) to study such other items as are referred to it by the Health Assembly.

(2) The terms of reference of Committee B are:

- (a) to review the financial position of the Organization including:
 - (i) the financial report and the report of the External Auditor;
 - (ii) the status of contributions and advances to the Working Capital Fund, and of any funds that have a bearing on the financial position of the Organization; and
 - (iii) consideration of the amount of available casual income to be used to help finance the budget;
- (b) to recommend the scale of assessments;
- (c) to study such other items as are referred to it by the Health Assembly.

When item (b) under paragraph (1) is being considered in Committee A there will not be a meeting of Committee B.

Item (b) under paragraph (1) will not be considered by Committee A until Committee B has completed the work on items (a) and (b) of paragraph (2).

The Health Assembly, after consideration of the recommendations of the Board and the General Committee, allocates items of the agenda to the main committees in such a way as to provide an appropriate balance of their work.

The General Committee can transfer items of the agenda from one main committee to the other whenever necessary.

10. PROCEEDINGS OF MEETINGS

10.1 Plenary (Assembly Hall): the seats reserved for delegations are arranged in alphabetical order of countries attending the Health Assembly following a draw by lot to determine the first letter, using the English names of countries in odd years and the French names during even years. Delegates participating in the debate on the reports of the Executive Board and of the Director-General (see 10.2 below) will speak from the rostrum at the invitation of the President. As a general rule delegates speak from their seats in connection with procedural motions, points of order and explanation of votes. Each time they take the floor, speakers should clearly indicate their name and the name of their country.

10.2 Debate on the reports of the Executive Board and of the Director-General in plenary meetings

In its resolution EB71.R3, the Executive Board decided that the debate on the reports of the Executive Board and of the Director-General should focus especially on issues or topics deemed to be of particular importance. The Board subsequently agreed that delegates addressing plenary meetings at the Forty-second World Health Assembly be invited to give special attention to "Lessons to be derived from the monitoring of the Strategy for Health for All by the Year 2000".

It should also be recalled that, in accordance with resolution WHA20.2, delegates are encouraged to limit their speeches to 10 minutes and that delegates wishing to do so may submit prepared statements, preferably of not more than 20 double-spaced typewritten pages, for inclusion in extenso in the verbatim records of the plenary meetings.

If a written text exists of a speech which a delegate intends to deliver, advance copies should be handed to the Assistant to the Secretary of the Health Assembly, to assist with the interpretation and transcription of the proceedings.

10.3 Committees A and B (Conference Rooms XVIII and XVII): The seating arrangements are similar to those in the main Assembly Hall. Delegates and representatives may signify their wish to speak either by informing the Secretary of the Committee to this effect or by raising their country or organization name-plate for the Secretary to note. The Chairman will give them the floor in the order in which they have signified their wish to speak. Speakers make their statements from their seats. Each time they take the floor, they should clearly indicate their name and the name of their country.

10.4 Review of the programme budget in Committee A

The programme budget review will be undertaken under three sub-items of Committee A's agenda dealing with the proposed programme budget as follows:

- (1) The first sub-item, entitled "General policy matters", providing for consideration of the major policy issues identified by the Board and reflected in Chapter I of its report to the Health Assembly.
- (2) The second sub-item, entitled "Programme policy matters", providing for a review of the proposed programme budget linked to the programme outline contained in the approved Eighth General Programme of Work covering the period 1990-1995 and reflected in the programme budget, and thus addressing the broad categories of (i) Direction, coordination and management, (ii) Health system infrastructure, (iii) Health science and technology and (iv) Programme support. In its consideration of each of these broad categories, Committee A will also take up the following: (a) major programme policy matters; (b) separate reports on individual programmes submitted by the Director-General in response to previous requests by the Health Assembly; and (c) any individual technical programme issue raised by delegates.

(3) The third sub-item, entitled "Financial policy matters", providing for consideration of the budget level and draft appropriation resolution, including the amount of casual income to be used to help finance the budget. It should be borne in mind that, in accordance with resolution WHA31.1, Committee A does not consider the budget level and draft appropriation resolution until Committee B has completed its review of the financial position of the Organization and of the scale of assessments and has made a report containing its recommendations on the amount of available casual income to be used to help finance the budget. Committee B does not meet during Committee A's consideration of the budget level and draft appropriation resolution.
