Lorsque la colonne VII est laissée en blanc, il s'agit de taux mensuels ; dans le cas contraire, les taux se réfèrent à des périodes de quatre semaines.

R La lettre « R » signifie que les taux se réfèrent à la population résidente (de droit) ; dans tous les autres cas, les taux se réfèrent à la population présente (de fait).

- § Nouvelles séries.
- \* Chiffres révisés.
- a) Période de cinq semaines.
- b) 3 semaines seulement.
- c) Recensement de 1936.
- d) Population sur la base de la délivrance des titres de rationnement.
- e) Chiffre approximatif ou partiellement estimé.
- f) Population civile.
- g) Population présente.
- h) Population européenne seulement.
- i) A l'exclusion des Maoris.
- j) Les taux paraissent être anormalement élevés. Au cours des années de guerre, il semble s'être produit un important afflux de population vers les grandes villes, qui n'est qu'imparfaitement reflété dans les estimations officielles de la population.
- k) Taux provisoires basés sur des chiffres de population non encore révisés à la suite du dernier recensement.

Rates apply to four months when the column VII is left blank ; otherwise, they refer to four-week periods.

R Where a capital "R" is given, the rates refer to the resident (legal) population ; otherwise, they refer to the present population.

- § New series.
- \* Revised figures.
- a) Five-week period.
- b) 3 weeks only.
- c) 1936 census.
- d) Population figure based on the delivery of ration cards.
- e) Approximate or partly estimated figure.
- f) Civilian population.
- g) Present population.
- h) European population only.
- i) Excluding Maoris.
- j) The rates appear to be abnormally high. During the war years, an extensive flow of population towards the large towns seems to have occurred, which is only partly reflected in the official population estimates.
- k) Provisional rates based on population figures not yet revised according to the latest census.
