PROGRAMMES RECEIVING WHO ASSISTANCE IN THE
WESTERN PACIFIC REGION

The Regional Committee,

I Having considered the report submitted by the Regional Director on the current progress of programmes receiving WHO assistance in the Western Pacific Region;¹

1. CONGRATULATES the Regional Director and his staff on the preparation of a comprehensive report;
2. NOTES that the evaluation can only be made within the limits of the questionnaire and within the content and coverage of government replies;
3. CONSIDERS that it is useful in obtaining government acceptance of the whole concept of evaluation;

II Believing that future evaluations of operating programmes should be undertaken, preferably in relation to the long-term health plans of governments;

1. REQUESTS the Regional Director to:
 - (i) continue to collect information and data from countries and territories as a basis for the periodic evaluation of the progress of WHO-assisted programmes, and
 - (ii) report his observations and findings to the Committee every two or three years as he may consider appropriate;
2. INVITES the continued co-operation of governments in the provision of the information necessary to permit the Regional Director to prepare the reports requested.
