CORRIGENDA

Vol. 66, No. 3 (1988)

Removal of organic and inorganic micropollutants from drinking water

Page 403, left-hand column, line 27:

*delete:* 100 mg/l

*insert:* 100 mg/m³

Elimination des micropolluants organiques de l'eau de boisson

Page 409, colonne de droite, ligne 27:

*supprimer:* 100 mg/l

*ajouter:* 100 mg/m³

Vol. 67, No. 2 (1989)

Assessment of nutritional status: effects of different methods to determine age on the classification of undernutrition

Page 147, right-hand column, line 15:

*delete:* positive

*insert:* negative

The sentence should therefore read: “This leaves a false negative rate of 57%...”

Operational studies on the control of *Taenia solium* taeniasis/cysticercosis in Ecuador

Page 401, left-hand column, line 3 from bottom:

*insert:* 9, before the 10

That line should therefore read: “symptoms, or death (9,10).”
