**RESISTANCE  
OF MALARIA PARASITES  
TO DRUGS**

**Report of a WHO Scientific Group**

	Page
Introduction . . . . .	3
1. Differences in the response of species and strains of malaria parasites to drugs . . . . .	4
2. The present situation in regard to the reported cases of resistance of malaria parasites . . . . .	16
3. Procedure for assessing the response of malaria parasites to treatment . . . . .	29
4. Criteria of resistance of malaria parasites to 4-aminoquinolines . . . . .	33
5. Evaluation of the present and future impact of drug resistance in malaria eradication . . . . .	40
6. Proposals for countermeasures when drug resistance is confirmed . . . . .	43
7. Research on drug resistance . . . . .	47
8. Quality control of antimalarial drugs . . . . .	54
9. Recommendations . . . . .	56
Annex 1. Dispatch of parasitized blood to special malaria reference centres . . . . .	60
Annex 2. Assessment of urinary excretion of some antimalarial drugs . . . . .	62
Annex 3. Adjustment of the dosage of antimalarials . . . . .	64
