WORLD HEALTH ORGANIZATION
GENEVA

in collaboration with
CENTER FOR HEALTH ADMINISTRATION STUDIES,
THE UNIVERSITY OF CHICAGO
1997
This document is not a formal publication of the World Health Organization and all rights are reserved by the Organization. The document may, however, be freely reviewed, abstracted, or reproduced or translated in part, but not for sale or for use in conjunction with commercial purposes.

For authorization to reproduce or translate the work in full, and for any use by commercial entities, applications and enquiries should be addressed to the Division of Noncommunicable Diseases, World Health Organization, Geneva, Switzerland, which will be glad to provide the latest information on any changes made to the text, plans for new editions, and the reprints, adaptations and translations already available.

The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever of the Secretariat of the World Health Organization, concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

The mention of specific companies or of certain manufacturers’ products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

The authors alone are responsible for the views expressed in this document.
