

### WHA3.26      Bilharziasis

The Third World Health Assembly,

Having considered the report of the Joint OIHP/WHO Study-Group on Bilharziasis in Africa on its first session <sup>25</sup> and the resolutions taken thereon by the Executive Board,<sup>26</sup>

1. THANKS the experts for their work ;
2. WISHES to emphasize the danger of developing irrigation schemes in bilharzia-infected regions if the necessary sanitary measures are not taken to control this infection ;
3. APPROVES the proposals for further studies and field work in 1951 concerning this disease, as set forth in the *Proposed Programme and Budget Estimates for 1951*,<sup>27</sup> and
4. REQUESTS the Director-General to take such action as may be necessary.

*(Fourth report of the Committee on Programme, adopted at seventh plenary meeting, 25 May 1950) [A3/R/68]*
