Nursing stock and density 2013-2018

Age distribution

Sex distribution

Nurse mobility

Foreign trained **NR**
Foreign born **0.79%**

Nursing personnel (latest year)

41934

Nursing professionals
0

Nursing associates
0

Nurses not further defined
41934

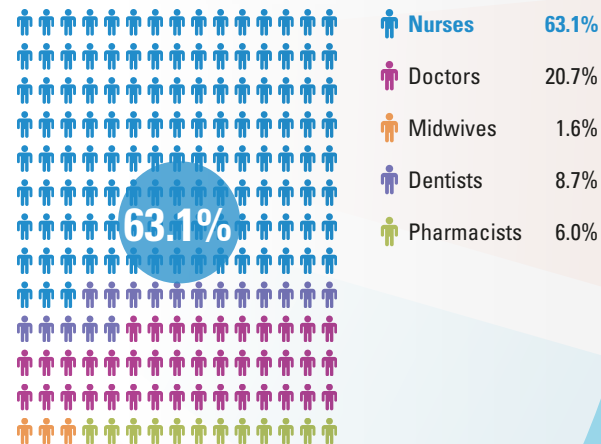

Share of professional nurses
NR

Density
63.7
per 10 000 population

Graduates per year
263

Minimum duration of training
4 years

Share of nurses within the health workforce

Issues for consideration

Density above threshold, no estimation for shortage.

*As compared to a benchmark density. Details in *State of the world's nursing 2020 report* and *Global Strategy on Human Resources for Health: Workforce 2030*
